**MEMORANDUM OF UNDERSTANDING**

**FOR THE**

**CITY OF BRIGHTON, ALABAMA**

This Memorandum of Understanding establishes the guidelines the Jefferson County Commission is proposing in order to move forward with the construction of the Brighton Fire station. HUD allocated $431,000.00 to the project and the current cost to move forward with the project is $691,129.02. Currently, the project is $260,129.02 over budget.

In order to get the project back in budget, the City of Brighton agrees to accept the proposed fire station drawings presented by Commissioner Humphries. This proposal will require the existing construction contract to be cancelled per the termination of convenience clause and rebid and constructed on the current site since the HUD required environmental assessment can still be used for the project. Moreover, an architect will be procured to assure the plans are in compliance with local building codes. The architect will also provide inspection services during the construction phase.
The City of Brighton will work with the Jefferson County Legislative delegation to approve a local referendum to allow the city to charge fire dues, which will enable the city to hire full-time firefighters.

2. renovate the bathroom facilities to ADA standards,
3. install sheet rock on the walls of the day room and sleeping quarters,

This agreement is made and entered into between Edwards Specialties, Incorporated (hereinafter referred to as "Owner/Developer") and the Jefferson County Commission (hereinafter referred to as "County").
