BE IT RESOLVED BY THE JEFFERSON COUNTY COMMISSION that the President is authorized to execute the following agreement between Jefferson County, Alabama and the District Attorney and Deputy District Attorney Jason Asbell to have the County provided compensation, pension contribution and health insurance amounts paid directly to the Office of Prosecution Services and merged with State provided compensation and paid to the Deputy District Attorney on the OPS payroll so that the entire compensation may be considered for the State pension.

**AGREEMENT**

RECITAL:

Alabama law requires Jefferson County to pay specified annual compensation to the Birmingham and Bessemer District Attorneys and their deputies. The law also requires the State to pay a portion of the compensation for the District Attorneys and for some
of the Deputy District Attorneys. Where the compensation responsibility is divided between the County and the State, the Attorneys' pension membership is also divided between the County pension and the State pension. Through this Agreement, the parties establish an option for the District Attorneys and the Deputy District Attorneys to elect to have the County provided compensation, pension contribution and health insurance amounts for single or family coverage paid directly to the Office of Prosecution Services (OPS) and merged with the State provided compensation and paid to the Deputy District Attorney on the OPS payroll so that the entire compensation may be considered for the State pension.

WITNESSETH:

IN CONSIDERATION OF THE PREMISES, Jefferson County (the County), the District Attorney and the Deputy District Attorney agree as set out below:

Definition: As used herein the term "County provided compensation/benefits" shall mean:

a) The respective salary amounts for DDA's established by legislative act (and as amended) applicable to the Birmingham and Bessemer District Attorneys Offices and directed to be payable by Jefferson County as salary compensation;

b) An amount equal to 3% of the salary compensation representing an employer pension match;

c) An amount equal to 86% of the amount paid by the State toward the cost of State health insurance for either single or family coverage elected by the DDA.

* In accordance with past practice, the County shall include an amount for FICA upon the condition that the County will be reimbursed by the State.

1) By execution below, the Deputy District Attorney hereby elects to have his County provided compensation/benefits paid directly to the Office of Prosecution Services and merged with his State-provided compensation and paid to him on the OPS payroll.

2) By execution below, the District Attorney hereby endorses and approves the above election of the Deputy District Attorney.

3) The County hereby agrees to make monthly payments of the County provided compensation/benefits directly to the Office of Prosecution Services for merger with the State-provided compensation and paid to the Deputy District Attorney on the OPS payroll.

4) The amount initially to be paid by the County is set out on the attachment. Provided however, the amounts shall be automatically amended to reflect changes in the compensation to be paid by the County; i.e., the annual step raises and promotions for Deputy District Attorneys and changes in insurance coverage and the amount paid by the State.

5) This Agreement may be terminated by any party upon two months prior written notice to the other parties.

6) The effective date of this Agreement shall be July 1, 1999, or upon the effective date of the undersigned DDA's election, if later.

IN WITNESS WHEREOF, the parties have executed this Agreement as reflected below.
