Effective date of coverage is: **October 1, 2013**
PATIENT PROTECTION AND AFFORDABLE CARE ACT (PPACA)
ANNUAL NOTICES

**Women’s Health and Cancer Rights Act Notice (WHCRA)**

As required by the Women’s Health and Cancer Rights Act (WHCRA) of 1998, this plan provides coverage for: 1. All stages of reconstruction of the breast on which the mastectomy has been performed; 2. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and 3. Prostheses and physical complications of mastectomy, including lymph edemas, in a manner determined in consultation with the attending physician and the patient.

Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and are consistent with those established for other benefits under the plan or coverage.

**Newborns and Mothers Health Protection Act**

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

**Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)**

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for these programs, but also have access to health insurance through their employer. If you or your children are not eligible for Medicaid or CHIP, you will not be eligible for these premium assistance programs.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.
Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must permit you to enroll in your employer plan if you are not already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, you can contact the Department of Labor electronically at www.askebsa.dol.gov or by calling toll-free 1-866-444-EBSA (3272).
