BE IT RESOLVED BY THE JEFFERSON COUNTY COMMISSION that the President is authorized to execute a Memorandum of Understanding with the City of Pinson.

**MEMORANDUM OF UNDERSTANDING**

WHEREAS, Jefferson County, Alabama (the "County") has responsibility for certain public streets in the Innsbrooke subdivision (the "Streets") in the City of Pinson, Alabama (the "City"); and

WHEREAS, the County regularly exercises such responsibility by, among other things, placing and maintaining street signs and other traffic control devices on and along those Streets; and

WHEREAS, the City wishes to add supplemental speed control devices along the Streets by funding, constructing, and installing speed control devices, including but not limited to speed humps, signs, and pavement markings; and

WHEREAS, the City is willing to accept the responsibility for all supplemental speed control devices, subject to the terms and conditions as set forth herein.

NOW, THEREFORE, in consideration of the above recitals and mutual covenants contained herein, the receipt, adequacy, and sufficiency of which are hereby acknowledged, the parties hereto enter into this "Memorandum of Understanding" (the "MOU"), and agree as follows:

1. From time to time, the City may propose in writing that certain speed control devices, including but not limited to speed humps,
signs, and pavement markings, (a "Device") be installed, serviced, repaired, or removed on or along the Streets pursuant to this MOU. If the County's Road and Transportation Department (the "Department") agrees in writing that the installation, service, repair, or removal of such a Device does not conflict with standard engineering practice, then the City and the Department may further agree on a written scope of work, which will include, at a minimum, a description of the Device, the location of the Device, and any standards governing the installation/construction, service, repair, or removal of the Device: Upon such agreement, the City may enter upon the Streets, and install/construct, service, repair, or remove the Device, pursuant to such agreement, at the City's sole expense.

2. The City acknowledges that the Department may request in writing, at any time, that the City remove the Device in the event that the Department reasonably believes that the removal is necessary in order for the Department to perform work on the Streets, or for other safety-related reason. In such event, the City agrees that it will enter upon the Streets and cause the Device to be removed at the City's expense.

3. The City acknowledges that the Department may notify the City in writing, at any time, that the Device is in need of repair or conflicts with Department maintenance operations in order for the Department to perform work on the Streets, or for other safety-related reason. In such event, the City agrees that it will enter upon the Streets and cause the Device to be repaired or removed to the reasonable satisfaction of the Department, at the City's expense.

4. The County acknowledges that the City may request in writing, at any time, that the City remove the Device in the event that the City determines that the Device is no longer necessary or desirable on the Streets. In such event, the County agrees that it will permit the City to enter upon the Streets and remove the Device at the City's expense.

5. The City's installation, service, repair, maintenance, or removal of the Device on the Streets shall commence at a time mutually agreed upon by the City and the Department. The County may monitor and examine the City's installation, servicing, repairing, or removing of the Device, at its discretion, and may notify the City that the Department reasonably believes that the City's work is unsatisfactory or does not comply with the scope of work discussed in Section 1. If the City does not take action to correct the work within a reasonable time, then the County may take action to remove the work, complete the work, modify the work, or take other such action as deemed reasonably necessary regarding the work and the Device, at the City's sole expense.

6. Unless otherwise agreed in writing by the City and County at the time of installation, the Device will remain the property of the City. Upon the Device's repair or servicing, the repairs or service shall become the property of the City.

7. Nothing in this MOU, or with respect to the activities arising from or relating to this MOU, shall be used against either the City or the County for the purposes of determining responsibility for the Streets. With the exception of the City's responsibilities regarding supplemental speed control devices as stated in this MOU, the County shall continue to be responsible for the control, management, supervision, regulation, repair, maintenance, or improvement of the Streets.

8. The City hereby releases the County, its officers, agents, and employees from any claims or damages arising from or relating to any damages to the Device arising from or relating to the condition of the Streets and/or the County's work on the Streets. The City agrees that it will indemnify the County and hold it harmless against any and all damage to the Streets caused by the City's installation, repair, or maintenance of the Device. The City further agrees that it will add the County as an additional insured on the City's general liability insurance policy, so as to provide the possibility of insurance coverage to the County in those situations where a claim may be asserted against the County that is attributable the City's installation, service, repair, maintenance, or removal of the Device on the Streets. This section shall survive the termination of this MOU.

9. The City has no obligation to propose or install any Device pursuant to this Agreement. Likewise, the County has no obligation to agree to permit the installation of any Device pursuant to this Agreement.

10. This MOU may be terminated by either the City or the County upon sixty (60) days' advance written notice to the other. Otherwise, this MOU shall have a term of ten (10) years, beginning on the last date shown below.

11. From time to time during the operation of this MOU, the City and the Department may agree in writing to expand and change the definition of "Streets" as used herein, so that the term will refer to such other and additional streets in the corporate limits of the City.

(a) Severability. The provisions of this MOU shall be severable. In the event any provision this MOU shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any of the remaining provisions hereof or thereof.

(b) Prior Agreements. This MOU shall completely and fully supersede all other prior agreements, both written and oral, among the parties hereto relating to the matters contained herein. None of the parties hereto shall hereafter have any rights under any of such prior agreements but shall look to this MOU for definition and determination of all of their respective rights, liabilities and responsibilities relating to the matters contained herein.

County sanitary sewer easement (as shown on Exhibit "A", attached collectively, the "Improvements"), for the purpose of serving the James 
Rushton Early Learning and Family Success Center. Owner and County mutually desire to enter into this Agreement to address the

AGREEMENT

NOW, THEREFORE, in consideration of the Recitals and the mutual agreements herein, the parties agree as follows:

1. In consideration of the mutual agreements herein, Owner agrees that the County may utilize the Easement for all intended purposes 
of the Easement, including, without limitation, any installation, repair, maintenance or replacement of sanitary sewer lines (collectively, the

of its Easement Rights inside the easement or improvements adjacent to the easement.

2. Subject to the foregoing agreements of Owner and the terms of this Agreement, the County grants Owner a license to continue the requested encroachment and that no other or greater or further improvements or encroachment whatsoever will be allowed. No such past, present or future encroachment whatsoever will constitute an adverse possession by Owner of the Easement or Easement Rights or constitute any form of waiver or abandonment of all or any part of the Easement or of any Easement Rights.

3. This Agreement shall be governed by and construed in accordance with the laws of the State of Alabama.

4. This Agreement together with the Easement constitutes the full and complete agreement of the parties with respect to the subject matter hereof, supersedes all prior discussions, correspondence and agreements with respect to the subject matter hereof and cannot be modified or amended except by a subsequent written agreement signed by Owner and the County.

5. The Owner is also responsible for the cost of any damage to others including but not limited to personal property and bodily injury as a result of said challenge/delay. Furthermore, Owner agrees to pay all court costs incurred by the County as a result of the aforementioned.

6. This Agreement shall run with the land and be binding upon and inure to the benefit of the parties and their respective heirs, administrators, personal representatives, successors and assigns.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the day and year first set forth above.
