Alagasco shall construct and install gas pipelines and other natural gas service improvements and infrastructure within such easements as deemed necessary or appropriate by Alagasco to serve the Pump Station. Alagasco will own the natural gas facilities that Alagasco constructs and installs up to and including the meter(s), and Owner will own and be responsible for the maintenance of all natural gas facilities located downstream of Alagasco's meter(s).

2. Contribution in Aid of Construction. Due to the expense associated with installing the necessary natural gas main and service lines and related facilities to provide natural gas service to the Pump Station, Owner agrees to pay Alagasco, immediately upon the execution of this Agreement, a contribution in aid of construction in the amount of One Thousand Nine Hundred Thirty Four Dollars ($1,934.00) (the "CIAC"). In calculating the amount of the CIAC, Alagasco assumed that natural gas would be used for the purposes indicated in Paragraph 3 below.

3. Commitment to Use Natural Gas. In consideration of Alagasco agreeing to install the natural gas facilities necessary to provide natural gas service to the Pump Station without requiring a larger contribution in aid of construction from Owner, Owner, for itself and its successors and assigns, agrees that at the time of initial construction and occupancy and for a minimum of ten years thereafter, the Pump Station will be equipped with a generator fueled exclusively by natural gas for the Pump Station.

4. Binding Nature and Assignment. This Agreement shall be binding upon the parties and their successors and permitted assigns. Neither party shall assign or transfer this Agreement without the prior written consent of the other party, which consent shall not be unreasonably withheld.

5. Title. Owner represents and warrants that it is the Owner in fee simple of the land on which the Pump Station is located and that it has a good and full right and ability to enter into and to perform its obligations under this Agreement.

6. Notices. Any notice to be given by one party to the other pursuant to this instrument shall be given in writing and shall be deemed received on the third day after same has been placed in the United States mail, with postage prepaid, by certified mail, or one day after same has been deposited with a nationally-recognized overnight courier service for overnight delivery and with all charges therefor prepaid, and addressed as follows:
