ALABAMA DEPARTMENT OF TRANSPORTATION  
(AGREEMENT FOR ENGINEERING SERVICES BY CONSULTANT ON UTILITY PROJECTS)

This Agreement is entered into by and between the Owner of the Utility Jefferson County Commission, Jefferson County, Alabama (hereinafter called the OWNER) and Gresham, Smith and Partners (hereinafter called the ENGINEER) Engineer's Phone Number: (205)-298-9291

W I T N E S S E T H:

That, in consideration of the terms, covenants, and conditions hereinafter set forth, the parties hereto, agree as follows:

I. Description and scope of work:

(a) Preliminary Engineering - The ENGINEER will make all preliminary studies, designs, plans, specifications, and estimates for relocation of the OWNER’S utility facilities that are in conflict with the proposed construction of Alabama Department of Transportation (hereinafter at times referred to as State) Project No. NHF-0005(51 2) in Jefferson County, Alabama; said project being described on the project plans as Phase 1, Widening and Resurfacing of SR-5 (US-78) from 1-59 to Finley Boulevard between Station 0+00 and Station 34+00.

The ENGINEER will also assist the OWNER in soliciting bids, selecting a contractor and awarding the contract when the relocation work is to be accomplished by the lowest responsible bidder. The ENGINEER and the OWNER will comply with the provisions of Code of Federal Regulations 23 CFR 635 and State law, as applicable, when soliciting bids, selecting a contractor, and awarding the contract.

(b) Construction Engineering - Subsequent to approval by the State of the utility relocation plans, contract documents and authorization of award of contract by the OWNER to the lowest responsible bidder, the ENGINEER will perform the engineering and inspection work to assure the performance and completion of the work in accordance with the approved contract plans and specifications, in accordance with all applicable provisions of 23 CFR 645 and 635.

(c) The State of Alabama Department of Transportation Utility Manual, and all applicable provisions of the Federal-Aid Policy Guide, will govern in development of plans and accomplishment of the work on this project. Such Utility Manual is of record within the Alabama Department of Transportation at the execution of this Agreement and is hereby made a part hereof by reference.

Department of Transportation.

III. Time of Beginning and Completion:

After approval of this agreement by the State, the OWNER will notify the ENGINEER to proceed with the professional services. The ENGINEER will complete Phase I of the engineering work within 45 calendar days after date of written notice to proceed; and Phase II within 120 calendar days after date of written notice to proceed. In the event the OWNER with the approval of the State, deems it advisable or necessary in the execution of the work to make substantial alterations which will increase or decrease the scope of work outlined in this agreement, the time limit specified herein may be adjusted in accordance with Article VII, of this Agreement.

IV. Payments:

For services provided for, when performed by the ENGINEER in accordance with this agreement, and as full and complete compensation therefor, including all necessary expenditures made and incurred by the ENGINEER in connection with this agreement, except as otherwise expressly provided herein, and subject to and in conformity with all provisions of this agreement, the OWNER will pay the ENGINEER the actual cost plus a fixed fee for profit as provided for in Code of Federal Regulations 23 CFR 172.

The ENGINEER will keep separate records of Engineering cost on each phase of work, including hours worked by each employee classification, payroll additives, expenses, transportation and subsistence which are directly allocable to this contract. Payments will be made on the basis of acceptable accounting records of the ENGINEER which are subject to acceptance by the State and which records will be kept in compliance with Part 30 and 31, Federal Acquisition Regulations. Overhead will be based on the latest available information and must be supported by the ENGINEER'S records. All records will be made and kept in keeping with generally acceptable accounting practices and will be made available, if requested, for inspection by representatives of the OWNER, State, and Federal Highway Administration, and copies thereof shall be furnished by the ENGINEER if requested. All records necessary to substantiate charges under this contract will be retained by the ENGINEER for a period of at least three years after final reimbursement payment to the OWNER by the State for the project work.

The actual cost for each phase of work accomplished will include (1) all costs related to salaries of employees for time directly chargeable to the particular phase of the project work; the salaries of principals for time they are productively engaged in work on a particular phase necessary to fulfill the terms of this contract; (2) Salary additives, the ENGINEER'S expenses and overhead to the extent they are properly allocable to the particular phase of work of the project; and (3) transportation cost, computed at the rate shown hereafter, and subsistence, computed on basis of necessary actual out-of-pocket expenses when working away from the home office on the particular phase of work.

V. Construction Cost Estimate For Project

The estimated relocation cost is in the amount of $1,255,605.10 exclusive of engineering cost and is described in Exhibit B which is attached hereto and is hereby made a part hereof.

VI. Ownership of Engineering Documents:

Upon completion of the work covered by this agreement and receipt of all monies due, the ENGINEER, will deliver to the OWNER all survey notes, computations, maps, tracings and all other documents and data pertaining to either the work or the project, which material will become the property of the OWNER. All original tracings of maps and other engineering data furnished to the OWNER by the ENGINEER will bear thereon the endorsement of the ENGINEER.

VII. Delays and Extension:

In the event additional work or unavoidable delays prevent completion of the services to be performed under this agreement in the time specified in Article III, the OWNER may grant, subject to prior written approval of the State, a time extension provided written application is made by the ENGINEER within ten (10) days after the alleged delay has occurred. Any time extensions for extra work will be based on the complexity, extent and magnitude of the extra work.

VIII. Termination or Abandonment:

The OWNER has the right to terminate this agreement and make settlement with the ENGINEER upon the basis of actual cost for work performed in accordance with this agreement at the time of termination, plus the percentage of profit based upon the work completed to date of termination.

In the event the Alabama Department of Transportation notifies the OWNER, at any time that the ENGINEER should cease work, the OWNER will immediately notify the ENGINEER to cease work and the ENGINEER will cease all work immediately upon notification by the OWNER to cease work. No payment and no reimbursement will be made for work performed by the ENGINEER beyond a period of four (4) working days following notification by the OWNER to cease work. Any payment to the ENGINEER by the OWNER, and any reimbursement to be made to the OWNER will be for the actual cost of the ENGINEER plus the pro-rated portion of the fixed fee for profit, based on the work completed at the end of the four (4) day period. This pro-ration will be developed by dividing the value of the work
completed to date under that phase by the total value of that phase of work less profit, to arrive at a multiplier. This multiplier will then be multiplied by the total fixed fee for profit for that phase of work applicable, to arrive at a dollar value for the amount of fixed fee for profit to be paid by the OWNER.

IX. General Compliance With Laws:

The UTILITY will observe and comply with the provisions of all Federal, State and Municipal laws and regulations as the provisions thereof are applicable hereto in the performance of work hereunder, including the Clean Water Act of 1987, the Alabama Nonpoint Source Management Program of 1989, and the regulations of the Environmental Protection Agency (EPA) and the Alabama Department of Environmental Management (ADEM). The UTILITY will procure and pay for all licenses and permits that are necessary for its performance of the work.

X. Subletting, Assignment, or Transfer:

This contract shall be binding upon the successors and the assigns of the respective parties hereto. There will be no assignment, subletting, or transfer of the interests of the ENGINEER in any of the work covered by this agreement without written approval of the State and consent of the OWNER. In the event the OWNER gives such consent with prior approval of the State, all the terms and conditions of this agreement will apply to and bind the party or parties to whom such work is consigned, sublet or transferred as fully and completely as the ENGINEER is hereby bound and obligated.

All endorsements will contain the seal and signature of an Alabama Licensed Professional Engineer and such Engineer can be a bona fide employee of the ENGINEER hereunder. In the event the ENGINEER does not perform as Project Engineer or Manager, the ENGINEER will designate a Project Engineer or Manager who has authority to receive and act upon instructions and directions of the OWNER and whose actions and decisions are binding on the ENGINEER.

XIII. Conditions Affecting Work:

The ENGINEER will be responsible for taking steps reasonably necessary to ascertain the nature, general location, scope and type of work hereunder and the general and local conditions which can affect the work or the cost thereof. Any failure by the ENGINEER in such responsibility will not relieve the ENGINEER from the obligation to successfully perform the work without additional expense to the OWNER. The OWNER assumes no responsibility for any understandings or representations by any of its officials, employees or agents prior to or at the time of the execution of this agreement.

This agreement, upon execution by the parties hereto and after approval of the Alabama Department of Transportation, supersedes any previous agreement made between OWNER and the ENGINEER on this particular relocation of utility facilities made necessary by construction of this Highway project.

Owner fully and forever releases and discharges the County from any and all liability, cost, damage, or expense to the Improvements suffered or incurred by Owner as a result of the County's exercise of its Easement Rights inside easement or improvements adjacent to easement.

2. Subject to the foregoing agreements of Owner and the terms of this Agreement, the County grants Owner a license to construct said Improvements as defined, within the Easement and to use the Improvements within the Easement for the transmission of stormwater drainage in such manner that will not interfere with the use of the Easement by the County. No other or greater or further improvements within the Easement or encroachment of the Easement will be allowed. No such past, present or future encroachment whatsoever will constitute an adverse possession by Owner of the Easement or Easement Rights or constitute any form of waiver or abandonment of all or any part of the Easement or of any Easement Rights.

3. This Agreement shall be governed by and construed in accordance with the laws of the State of Alabama.

4. This Agreement together with the Easement constitutes the full and complete agreement of the parties with respect to the subject matter hereof, supersedes all prior discussions, correspondence and agreements with respect to the subject matter hereof and cannot be modified or amended except by a subsequent written agreement signed by Owner and the County.

5. In the event this Agreement is challenged by legal means by said Owner as a result of the County exercising its Easement Rights as defined in Item number one above, it shall be the responsibility of the Owner to cover any and all fines assessed by U.S. Environmental Protection Agency and the Alabama Department of Environmental Management as well as the cost of the cleanup of any sewage resulting...
from said challenge. The Owner is also responsible for the cost of any damage to others including but not limited to personal property and bodily injury as a result of said challenge. Furthermore, Owner agrees to pay all court costs incurred by the County as a result of the aforementioned.

6. This Agreement shall be for the benefit of the Owner's Property and shall run with the land and be binding upon and inure to the benefit of the owners of the Owner's Property and the Easement and their respective heirs, administrators, personal representatives, successors and assigns.

7. In regards to the Improvements, the County has no objections to the concept of said Improvements provided the design allows for protecting the integrity of the County's existing sanitary sewer located within said Easement. The actual design, location, construction materials and methods as well as the impact, if any, upon drainage of said Improvements would fall under the jurisdiction of other entities and in no way whatsoever should it be construed that the County approves such by way of this Agreement.

8. The Owner must contact the Jefferson County Environmental Services Department (Sewer Construction Supervisor at 205-325-5127) 24 hours in advance prior to any work, inside said Easement. The Owner will be responsible for any and all repairs, cleanups, fines and etc. to existing County sanitary sewer if damaged during the construction of the said Improvements.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the day and year first set forth above.

Swiss Lane Sanitary Sewer Emergency Repair

This AGREEMENT made this day of , 2014, by and between Jefferson County Commission, Jefferson County (COUNTY) in the State of Alabama as Party of the First Part, hereinafter referred to as the COUNTY and CH2M HILL ENGINEERS, Inc, as Party of the Second Part, hereinafter referred to as the CONSULTANT.

WHEREAS, the said CONSULTANT has agreed and by these presents does agree with the COUNTY for the consideration hereinafter mentioned with payment to be administered by the COUNTY to provide Engineering, Technical Support and Construction Services for the Swiss Lane Sanitary Sewer Emergency Repair.

NOW, THEREFORE, for and in consideration of the mutual covenants hereinafter stipulated to be kept and performed, it is agreed between the parties as follows:

Background

This PROJECT provides for the repair of a section of the Swiss Lane Sanitary Sewer that is primarily located in Hoover, Alabama within or parallel to the bed of an unnamed tributary to Patton Creek that was severely damaged during a major rain event on April 7, 2014. The damaged section of the sanitary sewer is currently out of service and is being bypassed by a series of temporary pumps. This project provides for assisting the County in the development of an approach to repair and reinforce this sewer to allow restoration of gravity flow and removal of the temporary pumps from service as quickly as possible. The approach is intended to be the permanent fix for the damaged sewer. The work to be performed is further detailed in the following sections.

Article I - Scope of Work

Section 1 - Obligation of CONSULTANT to COUNTY

The CONSULTANT will perform the following engineering services as described in Exhibit A, “Swiss Lane Sanitary Sewer Emergency Repair, Scope of Work”, which is provided on pages 10 through 13 of this document.

All work under this AGREEMENT shall be performed in accordance with these standard practices and any special requirements hereinafter set forth.

5. Examine studies, reports, sketches, estimates, specifications, drawings, proposals, field directives, change orders, and other documents presented by the CONSULTANT and render decisions in writing pertaining thereto within a reasonable time so as not to delay the services of the CONSULTANT.

6. Attend progress meetings.

7. Give prompt written notice to the CONSULTANT whenever the COUNTY observes, or otherwise becomes aware of, any defect or inadequacy in the project.

8. Assume all costs of archaeological and vegetative studies, if required.

Section 3 - Conferences, Visits to Site, Inspection Work

Article II - Time of Beginning and Completion

The COUNTY will not notify the CONSULTANT to commence work until this AGREEMENT has been formally approved by both parties.

B. The work to be performed shall be completed in eight (8) months of receiving written Notice to Proceed from the COUNTY. Individual assignments performed under this AGREEMENT shall be completed on a schedule mutually agreed to by the COUNTY AND CONSULTANT.

C. In case the COUNTY deems it advisable or necessary in the execution of the work to make any alteration which will increase or decrease the scope of work outlined in this AGREEMENT, the time limits specified herein may be adjusted in accordance with Article IV, Section 1.

Article III - Payment

Section 1

For services performed by the CONSULTANT under this AGREEMENT, and as full complete compensation therefore, including all expenditures made and all expenses incurred by the CONSULTANT in connection with this AGREEMENT, except as otherwise provided herein, subject to and in conformity with all provisions of this AGREEMENT, the COUNTY will pay the CONSULTANT as follows:

The COST CEILING for this AGREEMENT shall not be exceeded except by a formal amendment to this AGREEMENT. Payments shall be made, not more often than once per month, in such amounts as evidenced by the submittal of vouchers and invoices by the CONSULTANT to the COUNTY, and other evidence of performance as the COUNTY may deem necessary. The COUNTY shall make payment to the CONSULTANT within thirty (30) days upon receipt of the payment request by the Finance Department.

Section 2

The acceptance by the CONSULTANT of the final payment shall constitute and operate as a release to the COUNTY for all claims and liability to the CONSULTANT, his representative and assigns for all things done, furnished or relating to the service rendered by the CONSULTANT under or in connection with this AGREEMENT or any part thereof provided that no unpaid invoice exists because of extra work required at the request of the COUNTY.

Article IV - Miscellaneous Provisions

Section 1 - Changes of Work

If, during the term of this AGREEMENT, additional services are required of the CONSULTANT other than those specified above or major changes in the work become necessary or desirable, the COUNTY may order, in writing, the CONSULTANT to perform such services or make such changes. If the CONSULTANT is of the opinion that the work he has been directed to perform is beyond the scope of this AGREEMENT and constitutes extra work, the CONSULTANT will within ten (10) days notify the COUNTY in writing and receive approval from the COUNTY prior to performing such work. In the event the COUNTY determines that such work does constitute extra work, additional time for completion of contract may be given and payment for the additional work shall be negotiated by supplemental AGREEMENT prior to work being undertaken by the CONSULTANT.

Likewise, during the term of this AGREEMENT any service specified may be deleted and/or reduced at the discretion of the COUNTY. If such deletion or reduction becomes desirable, the CONSULTANT will be given advance notice and an equitable reduction in the CONSULTANT'S fee or cost ceiling will be made on a proportionate basis.

Section 2 - Ownership of Engineering Documents

Upon completion of the work covered by this AGREEMENT, the CONSULTANT shall make available to the COUNTY all documents and data pertaining to the work or to the project, which material shall become the property of the COUNTY. All original tracings
or maps and other engineering data furnished to the COUNTY by the CONSULTANT shall bear thereon the endorsement of the CONSULTANT. All data collected and prepared or generated under this agreement between the CONSULTANT and the COUNTY shall be the property of the COUNTY and shall not be released to any other party without the consent of the Director.

Section 3 - CONSULTANT's Endorsement

The CONSULTANT shall endorse the original title or cover sheet of all reports and engineering data required to be furnished by him under the terms of this AGREEMENT. All endorsements shall contain the seal and original signature of an Alabama licensed professional engineer who is a bona fide employee of the CONSULTANT.

Section 4 - Delays and Extensions

In the event that unavoidable delays prevent completion of the services to be performed under this AGREEMENT in the time specified in Article II - Time of Beginning and Completion, the COUNTY may grant a time extension to any or all phases of the work, provided written application is made by the CONSULTANT within ten (10) days after the alleged delay has occurred.

In the event that delays are deemed avoidable by the COUNTY and time extensions are not granted, the CONSULTANT may be subjected to a liquidated damages charge of $50.00 per day for each calendar day exceeding the time specified in Article.

Section 5 - Termination or Abandonment

The COUNTY shall have the right to abandon this AGREEMENT or amend its project at any time, and such action shall in no event be deemed a breach of contract.

The COUNTY has the right to terminate this AGREEMENT at its sole discretion upon ten (10) days written notice to the CONSULTANT and make settlement with the CONSULTANT upon an equitable basis in accordance with the following. In determining the final compensation to the CONSULTANT, the COUNTY shall apply the following:

- No consideration will be given to profit which the CONSULTANT might have made on the uncompleted portion of the work.
- If the AGREEMENT provides for a lump sum amount, final compensation to the CONSULTANT shall be determined by the COUNTY establishing the percent of satisfactory work performed by the CONSULTANT prior to the termination of the AGREEMENT multiplied by the contract amount, less any payments previously made.
- If the AGREEMENT does not provide a lump sum amount, final compensation to the CONSULTANT shall be determined by the COUNTY confirming all reimbursable costs incurred for satisfactory work performed by the CONSULTANT prior to the termination of the AGREEMENT, less any payments previously made.

Section 6 – Termination of Contract for Breach

A. The Contract may be terminated by the COUNTY for CONSULTANT's breach of any substantive provision of the Contract including, but not limited to, any of the following reasons:

1. Substantial evidence and belief that the progress being made by the CONSULTANT is insufficient to complete the Work within the specified time.
2. Deliberate failure on the part of the CONSULTANT to proceed with the Work when so instructed by the COUNTY or to observe any requirement of these Specifications.
3. Failure on the part of the CONSULTANT to promptly make good any defects in the work that may be called to his attention by the COUNTY.
4. In case the CONSULTANT becomes insolvent or is declared bankrupt, or allows any final legal judgment to stand against him unsatisfied, or shall make an assignment for the benefit of his creditors.

A. Before the Contract is terminated, the CONSULTANT will first be notified in writing by the COUNTY of the conditions which make termination of the Contract imminent. Fifteen (15) days after notice is given, if no effective effort has been made by the CONSULTANT to correct the conditions for which compliant is made, the COUNTY may declare the Contract terminated and will notify the CONSULTANT accordingly.

B. Upon receipt of notice from the COUNTY that the Contract has been terminated, the CONSULTANT shall immediately discontinue all operations, safely secure all items of the Work, and remove his equipment. The COUNTY may then proceed with completion of the Work in any lawful manner that it may elect, until it is finally completed. When thus finally completed, the total cost of the Work (including all previous payments made to the CONSULTANT) will be computed and if this total cost is greater than the Contract price, the difference shall be paid to the COUNTY by the CONSULTANT.

Section 7 – Controversy

In any controversy concerning a question of fact in connection with the work covered by this AGREEMENT, or compensation therefore, the decision of the Director of Environmental Services in the matter shall be final and conclusive for both parties.

CONSULTANT’s liability to COUNTY and COUNTY’s liability to CONSULTANT for direct damages under this Contract shall not exceed the contract price.

To the proportionate extent of the CONSULTANT’s negligence, The CONSULTANT agrees to indemnify, hold harmless and defend the COUNTY, from and against any and all loss, expense against or imposed upon COUNTY because of bodily injury, death or property damage, real or personal, including loss of use thereof arising out of or as a consequence of breach of any duty or obligation of the CONSULTANT included in this AGREEMENT, negligent acts, errors or omissions including engineering design even though such injuries or death or damage to property is claimed to be due to the negligent acts, errors or omissions of the CONSULTANT, his subcontractors, the contractor, his subcontractor, the COUNTY, its elected officials, officers or employees. Nothing contained in this paragraph should be construed to obligate CONSULTANT to indemnify the COUNTY for its own negligence, the negligence of its contractors or subcontractors or others.

CONSULTANT, without extra compensation, shall carry insurance of the kinds and in amounts set out below. All insurance shall be by companies authorized to do business in Alabama involving those types of insurance. Before beginning work, CONSULTANT shall file with the COUNTY a certificate from his insurer showing the amounts of insurance carried and the risk covered thereby or a copy of the required insurance policies.

General Liability and Property Damage $300,000.00
Automobile and Truck Bodily Injury Liability and Property Damage Liability Insurance $300,000.00
Workers Compensation Statutory
Professional Liability Insurance $1,000,000.00

A thirty day notification is required from the insurer to the COUNTY for any current or potential claim against the CONSULTANT that could affect the limits of their policy. Also the CONSULTANT shall notify the COUNTY within 30 days about any present or future claims that could affect their policy limits. The foregoing Indemnity AGREEMENT shall not be limited by reason of any insurance coverage provided.

Section 9 - General Compliance with Laws

The CONSULTANT shall comply with the provisions of the Labor Law, all State Laws, Federal and Local Statutes, Ordinances and Regulations that are applicable to the performance of this AGREEMENT, and especially laws, ordinances and statutes prohibiting discrimination in employment of persons on account of race, creed, color or national origin, disability, and all applicable provisions of Title 6, Code of Federal Regulations, and procure all necessary licenses and permits.

Section 10 – Subletting, Assignment or Transfer

There shall be no subletting, assignment or transfer of the interests of the CONSULTANT in any of the work covered by this AGREEMENT without written consent of the COUNTY. In the event the COUNTY gives such consent, the terms and conditions of this AGREEMENT shall apply to and bind the party or parties to whom such work is consigned, subject or transferred as fully and completely as the CONSULTANT is hereby bound and obligated.

Section 11 - Employment of COUNTY Workers

The CONSULTANT shall not engage, on full or part time or other basis during the period of the AGREEMENT, any professional or technical personnel who are or have been at any time during the period of this AGREEMENT in the employ of the COUNTY, except regularly retired employees, without written consent of the public employer of such person.

The CONSULTANT warrants that he has not employed or retained any company, or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this AGREEMENT, and that he has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the CONSULTANT, any fee, commission, percentage brokerage fee, gifts, or any other consideration contingent upon or resulting from the award or making of this AGREEMENT. For breach or violation of this warranty the COUNTY shall have the right to annul this contract without liability or at its discretion deduct from the contract price or consideration or otherwise recover the full amount of such fee, commission, percentage brokerage fee, gifts, or contingent fee.

The CONSULTANT shall be responsible for having taken steps reasonably necessary to ascertain the nature, location, scope, and type of work hereunder and the general and local conditions which can affect the work or the cost hereof. Any failure by the CONSULTANT to do so will not relieve him from responsibility for successfully performing the work without additional expense to the COUNTY. The COUNTY assumes no responsibility for any understanding or representation by any of its officials or agents prior to the execution of this AGREEMENT, unless such understandings or representation by the COUNTY are expressly stated herein. The CONSULTANT and subcontractor are to maintain all books, documents, papers, accounting records and other evidences pertaining to cost incurred for this project, and to make such material available at their respective offices at all times during the contract period and for three (3) years from the date of final payment of the COUNTY funds under the terms of the contract, for inspection by the COUNTY, or any authorized representative of the COUNTY, and copies thereof shall be furnished if requested.
