CONTRACT FOR ROADWAY SERVICES

This Agreement is entered into this 3rd day of June, 2015, by and between Jefferson County, Alabama, a political subdivision of the State of Alabama, (hereinafter called "the County"), and the City of Kimberly, Alabama, a municipal corporation, (hereinafter called "the City").

WHEREAS, certain thru-roads located within the municipal limits of the City have been determined by the City to be in need of
immediate repair, maintenance and/or improvement as more particularly described in the Schedule of Work attached hereto (the "Schedule of Work"); and

WHEREAS, the City desires to contract with the County to purchase certain roadway maintenance services from the County; and

WHEREAS, the County and the City desire to cooperate with one another to cause the Schedule of Work to be performed at the earliest practicable date.

NOW THEREFORE IN CONSIDERATION OF THE ABOVE AND BELOW, the City and County do mutually agree as follows:

Section 1. Performance of Work. The County will cause the Schedule of Work (attached hereto as Exhibit "A") to be performed by its own forces but in any event in compliance with any and all rules, laws and regulations applicable to its undertaking, performance and completion of the Schedule of Work, including but not limited to, DOT regulations, public bid laws, and the related authority of any governmental body exercising jurisdiction (separately, concurrently or otherwise) over the parties and/or the undertakings of the parties pursuant hereto. This contract will terminate on December 31, 2015.

Section 2. Cost. The County will provide roadway maintenance service in accordance with the labor, material and equipment price terms which are attached hereto as Exhibit B.

Each party shall maintain true and accurate books of account and records relating to the cost of the Schedule of Work supported by cancelled checks, vouchers, receipts, certificates, invoices, warrants, purchase orders and similar documentation, all which shall be open to inspection and copying by the parties and their duly authorized representatives upon reasonable notice, and at reasonable hours during normal business days.

Section 3. Payment. At least five (5) days prior to the commencement of any services by the County, the City shall escrow with the County $28,000.00, one-half of the estimated cost as outlined in the Schedule of Work. The City will reimburse the County for the remaining one-half of estimated cost within thirty (30) days of invoicing of the same.

Section 4. No Inference of Control. Neither the County's execution of this Agreement nor the performance of its undertakings hereunder shall in any way constitute an admission, acceptance or indicia of control of the roadways identified in the Schedule of Work notwithstanding any course of dealing or performance to the contrary.

The County will not assume any risk, liability or further responsibility for the roadways identified in the Schedule of Work except for issues related to workmanship for up to one (1) year from the date of completion.

Section 5. Termination. Notwithstanding anything in this Agreement to the contrary, this Agreement shall be terminated and of no further effect in the event that the respective governing bodies for either party fails to approve appropriations for the funds otherwise necessary to allow the party to fulfill its future obligations hereunder.

This contract may be terminated by the County with a five (5) day written notice to the other party regardless of reason. In the event the County terminates the contract for convenience, the County shall reimburse the City the difference between advance payments received by the County for materials not used prior to the effective date of the termination.

Kronos will provide Professional Services to assist with setting up a Test instance of their current Workforce Central solution. Once this environment is set up, Kronos will provide services to configure the following three interfaces:

1. Workforce Timekeeper Payroll export interface delivers single record per employee pay code total per day for pay period in flat file format. One-step mapping included per design document and configuration.
2. Export of punch data from Workforce Timekeeper. Each such punch export will be created in flat file format (delimited or fixed-width) with a punch pair (in punch and out punch) for each transaction included per record in one file using the same name each time. Each export will contain a non-encrypted output containing all punch pairs (as determined by Workforce Timekeeper rules) at the time of export with one row of data for each such punch pair included. Unpaired (single punches) will not be included within the export. Such export interface will be designed to run on demand or through scheduled means but not more frequently than once per pay period.
3. Import of punch data to Workforce Timekeeper for extracted data from Export of punch data from Workforce Timekeeper.

2.2. CUSTOMER APPROVAL OF SERVICE DELIVERABLES

As part of the project, service deliverables may be provided to Jefferson County Commission for approval and/or acceptance. To avoid project delays and increased costs, Jefferson County Commission should expect to approve/accept deliverables or provide written notification of errors to Kronos within five (5) business days after receipt of the deliverable. Following the receipt of a revised deliverable, Jefferson County Commission will then have an additional five (5) business, days to report that all errors have been resolved and provide deliverable acceptance.
