This AGREEMENT, made this the   day of    , 2013 by and between Jefferson County, Alabama, as Party of the First Part, hereinafter referred to as the OWNER, and Engineering Service Associates, Inc. as Party of the Second Part, hereinafter referred to as the CONSULTANT.

WHEREAS, the said CONSULTANT has agreed and by these presents does agree with the OWNER for the consideration hereinafter mentioned with payment to be administered by the OWNER to provide engineering services associated with the 2014 Solid Waste Management Plan Update.

NOW, THEREFORE, for and in consideration of the mutual covenants hereinafter stipulated to be kept and performed, it is agreed between the parties as follows:

ARTICLE I - SCOPE OF WORK

The CONSULTANT, in the accomplishment of work under this AGREEMENT, shall meet the requirements for conformance with the standards adopted by the Jefferson County Commission and shall ascertain the practices of the Jefferson County Environmental Services Department prior to beginning any of the work on this project. All work under this AGREEMENT shall be performed in accordance with these standard practices and any special requirements herein set forth.

The goals of the OWNER and CONSULTANT under this AGREEMENT are to perform engineering services including but not limited to the development of the 2014 Solid Waste Management Plan Update.

All data collected and prepared or generated under this or any other agreement between the CONSULTANT and the OWNER shall be the property of the OWNER and shall not be released to any party without the express consent of the OWNER.

SECTION 1 – OBLIGATION OF THE CONSULTANT TO THE OWNER

Under this AGREEMENT, the CONSULTANT will provide the following engineering services:

1. Develop the Jefferson County 2014 Solid Waste Management Plan Update (SWMP or Plan), which controls the local host government's ability to grant local approval on matters related to solid waste management within its jurisdiction, and the ability to receive recycling grant funds.

A. The Plan will be in the format required by ADEM, with its purpose being to develop a comprehensive Solid Waste Management Plan Update for Jefferson County in accordance with the requirements of the Code of Alabama 1975, §22-27-47(b), and additional requirements for revisions to recycling programs under ADEM Rule 335-13-10-.03(5)(a).

B. The Plan will address solid waste management aspects such as the generation, collection, transportation and disposal of solid waste, as well as recycling and composting within the County.

C. The Plan will have general applicability for the circumstances and situations that may affect solid waste management in Jefferson County and will include the following requirements, as applicable:

   (1) Describe and explain the general origin, and weight or volume of solid waste currently generated within the jurisdiction's boundaries. For purposes of this estimate the jurisdiction may use such information as is reasonably available, or may use accepted methods of estimation recommended by the department;

   (2) Identify current methods of collection and haulage of solid waste within the jurisdiction;

   (3) Identify and describe the facilities where solid waste is currently being disposed or processed and the remaining available permitted
capacity of such facilities and the capacity which could be made available through the reasonable expansion of such facilities. The plan shall also explain the extent to which existing facilities will be used during the life of the plan and shall not substantially impair the use of their remaining permitted capacity;

(4) Provide a description of current or planned recycling programs and an analysis of their impact on waste generated within the jurisdiction. Particularly regarding recycling, the plan shall describe and evaluate:
   a. Potential benefits of recycling, including the potential solid waste reduction and the avoided cost of municipal waste processing or disposal.
   b. Existing materials recovery operations and the kind and weight or volume of materials recycled by the operations, whether public or private.
   c. The compatibility of recycling with other waste processing or disposal methods used in the jurisdiction including methods of collecting recyclables.
   d. Options for cooperation or agreement with other jurisdictions for the collection, processing and sale of recyclable materials.

(5) Address the requirements proposed under Subtitle D of the federal Resource Conservation and Recovery Act, 42 U.S.C. Section 6941 as amended and identify and explain those actions the jurisdiction should take to assure proper management of its wastes under these requirements;

(6) Propose procedures for the identification and elimination of unauthorized dumps in the jurisdiction;

(7) Describe and explain the general origin and weight or volume of solid waste reasonably expected to be generated within the jurisdiction annually during the next 10 years. The assessment shall describe the primary variables affecting this estimate and the extent to which they can reasonably be expected to affect the estimate;

(8) Provide for the development or expansion of solid waste management systems in a manner that is consistent with the needs of the area, taking into account planning, zoning, population and development estimates, and economics of the jurisdiction and the protection of air, water, land and other natural resources;

(9) Identify any current agreements between the jurisdiction and other units of local government or public authorities for the joint use of solid waste processing or disposal facilities and evaluate the need for and feasibility of entering joint agreements in the future;

(10) Identify any current contractual agreements with private entities for the collection, processing or disposal of solid waste and evaluate the need for and feasibility of entering into such agreements in the future;

(11) Identify the general location within a county where solid waste processing or disposal facilities and recycling programs may be located, and identify the site of each facility if a site has already been chosen. In identifying general locations for facilities in the plan, each jurisdiction shall consider at least the following:
   a. The jurisdiction's solid waste management needs as identified in its plan;
   b. The relationship of the proposed location or locations to planned or existing development, to major transportation arteries and to existing state primary and secondary roads;
   c. The potential impact a facility in the proposed location or locations would have on public health and safety, and the potential that such locations can be utilized in a manner so as to minimize the impact on public health and safety; and
   d. The social and economic impacts that a facility at the proposed location would have on the affected community, including changes in property values, community perception and other costs;

(12) For any facility expected to serve the jurisdiction's future needs that is located or is proposed to be located outside the jurisdiction, the plan shall explain in detail the reasons for selecting such a facility;

(13) The plan shall include such other information as ADEM may require by regulation, including language related to recycling programs as described in ADEM Rule 335-13-10-.03(5)(a).

2. Following the development of the Jefferson County SWMP Update, CONSULTANT shall assist the OWNER in advertising for the required 30-day public comment period, conduct the public hearing (if desired by OWNER), publish responses to questions presented at the public hearing in the Plan, and submit the Plan to ADEM for final approval.

It is understood that the OWNER will:
1. Provide full information as to its requirements for the project.
2. Assist the CONSULTANT by placing at their disposal all available information pertinent to the project, including previous reports

3. Designate a project manager to coordinate CONSULTANT's work and to assist as OWNER's representative with respect to the work to be performed under this AGREEMENT.

4. Guarantee legal access to and make all provisions for the CONSULTANT to enter upon public and private lands as required for the CONSULTANT to perform its work under this AGREEMENT.

5. Examine studies, reports, drawings, proposals, and other documents presented by the CONSULTANT, and shall render decisions in writing pertaining thereto within a reasonable time so as not to delay the services of the CONSULTANT.

6. Give prompt written notice to the CONSULTANT whenever the OWNER's observer, or otherwise, becomes aware of any defect in the project.

7. Assume all costs of advertisements and Public Hearing(s), including providing a written transcription of the Public Hearing(s).

8. Adopt the final Plan within 60 days from the end of the public comment period at an official business meeting open to the public.

SECTION 3 - CONFERENCES AND VISITS TO SITE

1. Conferences will be held at the request of either the OWNER or the CONSULTANT to discuss matters pertinent to any phase of the project.

2. Request for visits to the site may be made by the OWNER or by the CONSULTANT in conjunction with any other party or parties.

ARTICLE II - TIME OF BEGINNING AND COMPLETION

1. The CONSULTANT agrees to start work on the professional services outlined under Article I of this AGREEMENT within ten (10) days following receipt of written notice from the OWNER to proceed. The OWNER will not notify the CONSULTANT to commence work until this AGREEMENT has been formally approved by both parties.

2. Work shall begin on the date of the Notice to Proceed and continue for nine (9) months or until project completion.

3. In case the OWNER deems it advisable or necessary in the execution of the work to make any alteration which will increase or decrease the scope of work outlined in this AGREEMENT, the time limits specified herein may be adjusted in accordance with Article IV, Section 1.

4. At the completion of this contract, the OWNER and the CONSULTANT may decide at the OWNER'S option to enter into negotiations to extend the scope of work and time of the contract.

ARTICLE III - PAYMENT

SECTION 1 – Payment:

For services performed by the CONSULTANT under this AGREEMENT, and as full and complete compensation therefore, including all expenditures made and all expenses incurred by the CONSULTANT in connection with this AGREEMENT, except as otherwise herein, subject to and in conformity with all provisions of this AGREEMENT, the OWNER will pay the CONSULTANT as follows:

For the work contemplated under Article I, Section 1, the OWNER will pay the CONSULTANT on the basis of a Cost Plus Fixed Fee contract. The Cost Plus Fixed Fee will include an engineering cost of $76,010.00, (Seventy-Six Thousand, Ten Dollars), plus a fixed professional fee of $9,121.00, (Nine Thousand, One Hundred Twenty-One Dollars) for a total "cost plus fixed fee" contract in the amount of $85,131, (Eighty-Five Thousand, One Hundred Thirty-One Dollars), as shown below and in Attachment 1 appended hereto. The contract Amount shall be subject to increases or decreases for changes in the Work as provided in Article IV, Section 1.

Engineering Services $74,750.00
Other Direct Cost $1,260.00
Professional Fee $9,121.00
Total Contract Amount $85,131.00

The above represents the CONSULTANT'S best estimate of anticipated hours and costs to perform this contract based on a nine (9) month project time. The contract amount for this AGREEMENT shall not be exceeded except by a formal amendment to this AGREEMENT.

Payment shall be made, not more often than once monthly, in such amounts as evidenced by the submittal of vouchers and invoices by the CONSULTANT to the OWNER and along with other evidence of performance as the OWNER may deem necessary. The OWNER shall pay the CONSULTANT within thirty (30) days of receipt of the Consultant's payment request by the County Finance Department.

SECTION 2 – Final Payment as a Release

The acceptance by the CONSULTANT of the final payment shall constitute and operate as a release to the OWNER for all claims and liability to the CONSULTANT, his representative and assigns for all things done, furnished or relating to the service rendered by the CONSULTANT under or in connection with this AGREEMENT or any part thereof provided that no unpaid invoice exists because of extra work required at the request of the OWNER.

ARTICLE IV - MISCELLANEOUS PROVISIONS

SECTION 1 - CHANGES OF WORK

If, during the term of this AGREEMENT, additional services are required of the CONSULTANT other than those specified above,
or major changes in the work become necessary or desirable, the OWNER may order, in writing, the CONSULTANT to perform such services or make such changes. If the CONSULTANT is of the opinion that the work he has been directed to perform is beyond the scope of this AGREEMENT and constitutes extra work, the CONSULTANT will, within ten (10) days, notify the OWNER in writing and receive approval from the OWNER prior to performing such work. In the event the OWNER determines that such work does constitute extra work, additional time for completion of contract may be given and payment for the additional work shall be negotiated by Supplemental Agreement prior to work being undertaken by the CONSULTANT.

Likewise, during the term of this AGREEMENT, any service specified may be deleted and/or reduced at the discretion of the OWNER. If such deletion or reduction becomes desirable, the CONSULTANT will be given advance notice and an equitable reduction in the CONSULTANT’S fees or cost ceiling will be made on a proportionate basis.

SECTION 2 - OWNERSHIP OF ENGINEERING DOCUMENTS

Upon completion of the work covered by this AGREEMENT, the CONSULTANT shall make available to the OWNER all documents and data pertaining to the work or to the project, which material shall become the property of the OWNER. All original tracings or maps and other engineering data furnished to the OWNER by the CONSULTANT shall bear thereon the endorsement of the CONSULTANT. All data collected and prepared or generated under this agreement between the CONSULTANT and the OWNER shall be the property of the OWNER and shall not be released to any other party without the consent of the Director of Environmental Services.

SECTION 3 - CONSULTANT’S ENDORSEMENT

The CONSULTANT shall endorse the original title or cover sheet of all reports and engineering data required to be furnished by him under the terms of this AGREEMENT. All endorsements shall contain the seal and original signature of an Alabama licensed professional engineer who is a bona fide employee of the CONSULTANT.

SECTION 4 - DELAYS AND EXTENSIONS

1. In the event that unavoidable delays prevent completion of the services to be performed under this AGREEMENT in the time specified in Article II - Time of Beginning and Completion, the OWNER may grant a time extension to any or all phases of the work, provided written application is made by the CONSULTANT within ten (10) days after the alleged delay has occurred.

2. In the event that delays are deemed avoidable by the OWNER and time extensions are not granted, the CONSULTANT may be subjected to a liquidated damages charge of $100.00 per day for each calendar day exceeding the time specified in Article II.

SECTION 5 - TERMINATION OR ABANDONMENT

1. The OWNER shall have the right to abandon or terminate this AGREEMENT or to amend the AGREEMENT at any time, and such action shall, in no event, be deemed a breach of contract.

2. The OWNER has the right to terminate this AGREEMENT at its sole discretion upon ten (10) days written notice to the CONSULTANT and make settlement with the CONSULTANT upon an equitable basis in accordance with the following. In determining the final compensation to the CONSULTANT, the OWNER shall apply the following:

A. No consideration will be given to profit which the CONSULTANT might have made on the uncompleted portion of the work.

B. If the AGREEMENT provides for a lump sum amount, final compensation to the CONSULTANT shall be determined by the OWNER establishing the percent of satisfactory work performed by the CONSULTANT prior to the termination of the AGREEMENT multiplied by the contract amount, less any payments previously made.

C. If the AGREEMENT does not provide a lump sum amount, final compensation to the CONSULTANT shall be determined by the OWNER confirming all reimbursable costs incurred for satisfactory work performed by the CONSULTANT prior to the termination of the AGREEMENT, less any payments previously made.

SECTION 6 – TERMINATION OF CONTRACT FOR BREACH

1. The Contract may be terminated by the OWNER for Consultant's breach of any substantive provision of the Contract including, but not limited to, any of the following reasons:

A. Substantial evidence and belief that the progress being made by the Consultant is insufficient to complete the Work within the specified time.

B. Deliberate failure on the part of the Consultant to proceed with the Work when so instructed by the OWNER or to observe any requirement of these Specifications.

C. Failure on the part of the Consultant to promptly make good any defects in the work that may be called to his attention by the OWNER.

D. In case the Consultant becomes insolvent or is declared bankrupt, or allows any final legal judgment to stand against him unsatisfied, or shall make an assignment for the benefit of his creditors.

2. Before the Contract is terminated, the Consultant will first be notified in writing by the OWNER of the conditions which make termination of the Contract imminent. Fifteen (15) days after notice is given, if no effective effort has been made by the Consultant to correct the conditions for which complaint is made, the OWNER may declare the Contract terminated and will notify the Consultant accordingly.
3. Upon receipt of notice from the OWNER that the Contract has been terminated, the Consultant shall immediately discontinue all operations, safely secure all items of the Work, and remove his equipment. The OWNER may then proceed with completion of the Work in any lawful manner that it may elect, until it is finally completed. When thus finally completed, the total cost of the Work (including all previous payments made to the Consultant) will be computed and if this total cost is greater than the Contract price, the difference shall be paid to the OWNER by the Consultant.

SECTION 7 – CONTROVERSY

In any controversy concerning a question of fact in connection with the work covered by this AGREEMENT, or compensation therefore, the decision of the Director of Environmental Services in the matter shall be final and conclusive for both parties.

SECTION 8 – RESPONSIBILITY FOR CLAIMS AND LIABILITY

1. The CONSULTANT shall be responsible for all damage to life and property due to its activities and that of its subcontractors, agents or employees in connection with its services under this AGREEMENT. The CONSULTANT specifically agrees that its subcontractors, agents or employees shall possess the experience, knowledge and character necessary to qualify them individually for the particular duties they perform.

2. The CONSULTANT agrees to indemnify, hold harmless and defend the Jefferson County Commission, their elected officials, officers and employees (hereinafter referred to in this paragraph collectively as "OWNER"), from and against any and all loss, expense against or imposed upon OWNER because of bodily injury, death or property damage, real or personal, including loss of use thereof to the extent arising out of or as a consequence of breach of any duty or obligation of the CONSULTANT included in this AGREEMENT, or the negligent acts, errors or omissions of the CONSULTANT in the performance of its services under this Agreement.

3. The CONSULTANT, without extra compensation, shall carry insurance of the kinds in amounts set out below. All insurance shall be by companies authorized to do business in Alabama involving those types of insurance. Before beginning work, the CONSULTANT shall file with the OWNER a certificate from his insurer showing the amount of insurance carried and the risk covered thereby or a copy of the required insurance policies with a minimum as follows:

A 30 day notification is required from the insurer to the OWNER for any current or potential claim against the CONSULTANT that could affect the limits of their policy. Also, the CONSULTANT shall notify the OWNER within 30 days about any present or future claims that could affect their policy limits. The foregoing Indemnity Agreement shall not be limited by reason of any insurance coverage provided.

SECTION 9 - GENERAL COMPLIANCE WITH LAWS

The CONSULTANT shall comply with the provisions of the Labor Law, all State Laws, Federal and Local Statutes, Ordinances and Regulations that are applicable to the performance of this AGREEMENT, and especially laws, ordinances and statutes prohibiting discrimination in employment of persons on account of race, color, religion, sex, national origin, age, disability or veteran status and all applicable provisions of Title 6, Code of Federal Regulations, and procure all necessary licenses and permits.

SECTION 11 - EMPLOYMENT OF OWNER WORKERS

1. The CONSULTANT shall not engage, in full or part time or other basis during the period of the AGREEMENT, any professional or technical personnel who are or have been at any time during the period of this AGREEMENT in the employment of the OWNER, except regularly retired employees, without written consent of the public employer of such person.

2. The CONSULTANT warrants that he has not employed or retained any company, or person other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this AGREEMENT, and that he has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the CONSULTANT, any fee, commission, percentage brokerage fee, gifts or any other consideration contingent upon or resulting from the award or making of this AGREEMENT. For breach or violation of this warranty, the OWNER shall have the right to annul this contract without liability or, at its discretion, deduct from the contract price or consideration or otherwise recover the full amount of such fee, commission, percentage brokerage fee, gifts or contingent fee.

3. No OWNER official, employee of the OWNER, Jefferson County Commission official, or employee of the Jefferson County Commission shall be admitted to any share or part of this AGREEMENT, or to any benefit that may arise there from, except the use of the facility being designed as enjoyed by the general public.

1. The CONSULTANT shall be responsible for having taken steps reasonably necessary to ascertain the nature, location, scope and type of work hereunder and the general and local conditions which can affect the work or the cost hereof. The OWNER assumes no responsibility for any understanding or representation by any of its officials or agents prior to the execution of this AGREEMENT, unless such understandings or representation by the OWNER are expressly stated herein. The CONSULTANT and subcontractor shall maintain all books, documents, papers, accounting records and other evidences pertaining to costs incurred for this project, and to make such material available at their respective offices at all times during the contract period and for three (3) years from the date of final payment of the OWNER funds under the terms of the contract, for inspection by the OWNER, or any authorized representative of the OWNER, and copies thereof shall be furnished if requested.

RESOLUTION

Whereas, The Constitution of the United States of America, the guardian of our liberties, embodies the principles of limited government in a Republic dedicated to rule by law; and

Whereas, September 17, 2014, marks the two hundred twenty-seventh anniversary of the framing of the Constitution of the United States of America by the Constitutional Convention; and

Whereas, Public Law 915 guarantees the issuing of a proclamation each year by the President of the United States of America designating September 17 through 23 as Constitution Week; and

Now, therefore, be it resolved that the Jefferson County Commission hereby proclaim the week of September 17 to 23 as CONSTITUTION WEEK and urges all citizens to study the Constitution, and reflect on the privilege of being an American with all the rights and responsibilities which
that privilege involves.

Wherefore this Resolution is hereby adopted and signed by the Jefferson County Commission on this the 28th day of August, 2014,

W. D. Carrington, President
George F. Bowman, Commissioner
Sandra Little Brown, Commissioner
