The

The STATE Project Engineer shall have final authority in all matters affecting the work of the STATE'S Contractor. In the event the UTILITY has an Inspector on the project, the Inspector will not issue any instructions to the STATE'S Contractor. All instructions to the STATE'S Contractor with regard to the work provided for under this agreement will be issued by the STATE Project Engineer, after consultation with the UTILITY Inspector or Representative if found necessary by the STATE Project Engineer.

5. Code of Federal Regulations 23 C.F.R. Part 645 is hereby incorporated by reference herein as if fully set forth, and will be followed by the UTILITY as the provisions are applicable hereto.

6. The UTILITY will observe and comply with the provisions of all Federal, State and Municipal laws and regulations as the provisions thereof are applicable hereto in the performance of work hereunder, including the Clean Water Act of 1987, the Alabama Nonpoint Source Management Program of 1989, and the regulations of the Environmental Protection Agency (EPA) and the Alabama Department of
Environmental Management (ADEM). The UTILITY will procure and pay for all licenses and permits that are necessary for its performance of the work.

7. Where the UTILITY has a compensable property interest in its existing location (herein referred to as private right-of-way) by reason of holding the fee, an easement or other property interest, evidence of such compensable property interest will be submitted to the STATE by the UTILITY for review and approval.

8. If the UTILITY is required to move all of its facilities from a portion of its private right-of-way, upon completion of the relocation provided for herein, the UTILITY will convey to the STATE by appropriate instrument the portion of its private right-of-way located within the right-of-way limits of the above referenced project.

9. In the event the UTILITY is required to relocate any of its facilities which are located on its private right-of-way to a new location on public right-of-way or if any such facilities are to be retained in place within the public right-of-way due to this project, the following provisions will apply:

   a. The cost of relocation will include reimbursement for acquisition of right-of-way by the UTILITY to place necessary guy wires and anchors on private lands adjacent to the highway right-of-way and the rights to cut, trim and remove, initially and from time to time as necessary, trees on private lands adjacent to the highway right-of-way which might then or thereafter endanger the facilities of the UTILITY.

   b. Reimbursement for future relocation of the UTILITY's facilities will be in accordance with State law in effect at the time the relocation is made; provided, however, the UTILITY will be reimbursed for the cost of any future relocation of the facilities, including the cost of acquisition of equivalent private right-of-way if such future relocation is outside the highway right-of-way and the relocation is required by the STATE, and provided that the prior relocation from private right-of-way to public right-of-way was without compensation to the UTILITY for its compensable property interest in its private right-of-way.

10. The UTILITY is responsible, and will not hold the State of Alabama, the Department of Transportation, the officials, officers, and employees, in both their official and individual capacities, and their agents and/or assigns responsible for any damages to private property, public utilities or the general public, caused by the conduct, (in accordance with Alabama and/or Federal law) of the UTILITY, its agents, servants, employees or facilities.

11. By entering into this agreement, the UTILITY is not an agent of the State, its officers, employees, agents or assigns. The UTILITY is an independent entity from the State and nothing in this agreement creates an agency relationship between the parties.

12. In the event that a Utility - Consultant Engineering Agreement for this project is entered into between the UTILITY and a Consulting Engineer, the following provisions will apply:

   a. The UTILITY has complied or will comply with and fulfill all obligations, requirements, notifications, and provisions of the Utility - Consultant Engineering Agreement executed for this project work which are for the benefit or protection of the STATE.

   b. The UTILITY has obtained or will obtain all approvals and authorizations required by the STATE which are provided for in the Utility - Consultant Engineering Agreement.

   c. No reimbursement payments will be due and none will be made by the STATE until the Utility - Consultant Engineering Agreement is complied with faithfully by the UTILITY and Consulting Engineer.

13. Nothing contained in this Agreement, or in its execution, shall be construed to alter or affect the title of the STATE to the public right-of-way nor to increase, decrease or modify in any way the rights of the UTILITY provided by law with respect to the construction, operation or maintenance of its facilities on the public right-of-way.

14. Paragraph 14 set forth below is applicable to this Agreement only if Federal appropriated funds are available or will be available in the project by which the relocation required by this Agreement is necessitated.

15. In the event any Federal Funds are utilized for this work, the following certification is made: The undersigned certifies, to the best of his or her knowledge and belief, that:

   (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

   (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

   (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 31 U. S. C. Section 1352. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN THE JEFFERSON COUNTY COMMISSION AND THE CITY OF TARRANT, ALABAMA REGARDING EMERGENCY REPAIR OF SPRINGDALE ROAD

WHEREAS, Alabama law authorizes local governments to contract with each other to provide services; and
WHEREAS, Jefferson County ("the County") and the City of Tarrant ("the City"), a municipality located in Jefferson County, desire to enter into an agreement for the public purpose of providing financial assistance for the required "emergency repair" to a connection of storm

WHEREAS, the County and the City desire to cooperate with one another to effectuate the required "emergency repair" to the connection of storm drains located beneath the paving of Springdale Road; and

WHEREAS, the County and the City agree it is in their best interest to have a Memorandum of Understanding to share in the cost of repairing the connection of the storm drains located beneath the paving of Springdale Road; and

WHEREAS, neither the County nor the City wishes to prejudice their rights with respect to repair and/or maintenance obligations of certain streets, roads and/or bridges within the City limits all of which are located in the County, and acknowledge that this MOU will not resolve all disputes between the parties or limit their respective rights to have any such disputes resolved by a court or competent jurisdiction, including, but not limited to, their right to file an action for declaratory relief, injunctive relief, and/or damages, except as limited by the terms of this MOU.

NOW THEREFORE, in consideration of the above recitals and mutual covenants contained herein, the receipt, adequacy, and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. The County hereby agrees to provide financial assistance in the amount of $7,500 to the City, to help pay for a portion of the amount needed to repair the connection of the storm drains located beneath the paving of Springdale Road and further agrees that it is not entitled to recover this amount from the City. Further, the City shall pay the remainder of the amounts necessary for the "emergency repair" to Springdale Road and will not be entitled to seek and/or recover any amount over and above $7,500 from the County.

2. The City hereby agrees to make the "emergency repair" to Springdale Road recommended by Spencer Engineering, Inc. in the letter of October 16, 2013, attached hereto as Exhibit A. (on file in the Minute Clerk’s Office)

3. By signing this MOU, neither the County nor the City assumes any risk, or future liability, or any future responsibility for any portion of Springdale Road located within the jurisdiction of the City of Tarrant. The County specifically disclaims any liability owed to, or any wrongful conduct against, the City and/or third parties. Likewise, the City specifically disclaims any liability owed to, or any wrongful conduct against, the County and/or third parties.

4. Further, this MOU is not, and shall not be construed as, an admission by either the County or the City of any road maintenance and/or repair responsibilities. The parties agree that neither this MOU, nor the acts arising from and related to this MOU, will be used against either of the parties for purposes of determining whether the City or the County is responsible for the maintenance and/or repair of Springdale Road, included but not limited to, under Sections 11-49-80 and 11-49-81 of the Code of Alabama (1975).
