AMENDMENT NO. 2
TO AGREEMENT TO PROVIDE ENGINEERING SERVICES FOR THE TOTAL PHOSPHORUS REMOVAL & WET WEATHER MANAGEMENT - DESIGN PHASE TRUSSVILLE WWTP PROJECT

This is an Amendment to the Contract by and between Jefferson County, Alabama through the Environmental Services Department, hereinafter called "the OWNER" and CDM Smith Inc., hereinafter called "the CONSULTANT", to provide engineering services related to the Total Phosphorus Removal & Wet Weather Management - Design Phase Trussville WWTP project.

The agreement between the parties which was approved by John S. Young, Jr., LLC, Receiver on April 19, 2011, is hereby amended as follows:

I. AMENDMENT TO ARTICLE I - SCOPE OF WORK .

Amend Article I - Scope of Work, Section 1 - Obligation of the CONSULTANT to the OWNER to include the following engineering services:

Supplemental Geotechnical Services for Trussville Site

A geotechnical investigation of the Trussville WWTP site was performed. The results of the investigation showed unsuitable soils in the proposed filter expansion and ferric chloride storage areas. In addition, the location of the dewatering building changed after completion of the initial geotechnical investigation to accommodate placement of existing electrical and instrumentation and control equipment in the electrical room for the dewatering building to bring those existing panels above the flood plain elevation. Therefore, additional borings were required to be performed to better delineate the extents of unsuitable conditions and to characterize the new dewatering building location.

Following the supplemental investigation, CDM Smith evaluated the data and prepared a report presenting the data and providing recommendations.

Pre Selection of UV Vendor
This task consisted of the preparation of a pre selection request for proposals package, solicitation of proposals, review of the
proposals/bids, preparation of an evaluation and recommendation memorandum, preparation of a letter to obtain vendor agreement to execute
a contract with the selected general contractor to provide equipment, materials and services under the terms defined in the pre selection bid
documents. Equipment offered by the various UV manufacturers is dissimilar enough that identification of the specific equipment is required
to provide a complete design for a UV treatment process. In addition, the operation and maintenance costs vary quite a bit between available
equipment. So pre selection of this particular equipment allowed identification of the best overall value for the County, because unlike bidding
UV equipment through the general contractor, this approach allowed consideration of both the capital cost and the long term operation and
maintenance cost in the selection. In addition, this approach allowed complete pre construction design of improvements, which provided the
County with more control over the design of the UV process and the associated electrical systems and instrumentation and control systems.
Assistance with Re-Scoping of Projects in Light of Bankruptcy

CDM Smith prepared an outline of the existing scope of capital improvements for the Cahaba River and Trussville WWTP sites,
assigned conceptual level costs for each component, and evaluated the criticality of each component. Subsequent to this exercise, CDM Smith
participated in three conference calls with JCESD to assist with making final decisions on a pared down scope for the two facilities. Since
this task was performed for the purpose of re-scoping both the Cahaba River WWTP work and the Trussville WWTP work, the requested
amendment amount is being split between the two projects.

Bidding Services

The bidding services included in the scope for this project will not be required. Therefore, this amendment removes those services
from the scope and deducts the cost of those services from the project budget.

II. AMENDMENT TO ARTICLE II - TIME OF BEGINNING AND COMPLETION

Amend Article II - Time of Beginning and Completion as follows:
The work as described in Tasks 1 and 2 of the original contract (Preliminary Design Services and Final Design Services), as amended,
shall be complete within thirty (30) days after receipt of written notice from the OWNER to proceed. The work as described in Task 3 of the
original contract (Bidding Services) is removed from the contract by this amendment. Should delays attributable to causes beyond the control
of the CONSULTANT be encountered, such as would extend the contract work beyond the agreed upon thirty day period, the OWNER may
adjust the amount of this contract by amendment, so as to reflect the cost of additional expense items and additional fee, if any, arising from
the change.

III. AMENDMENT TO ARTICLE III - PAYMENT

Amend Article III - Payment, Section 1 as follows:
1. In consideration of the change in the Scope of Work of the project as described by this AMENDMENT, the basis of compensation
to the CONSULTANT shall be increased by $21,161 to a revised maximum contract amount of $1,174,861.
The amendment amount above is the sum of the following components:

2. Preselection of UV Vendor: $33,100
3. Assistance with Rescoping of Projects: $5,160 (Half of $10,320)
4. Deduct for Bidding Services: <$32,900>

There is no cost to the County associated with said agreement.

CONDITIONAL CONSENT TO ENCROACHMENT AND RELEASE OF DAMAGES

THIS AGREEMENT made as of the _____ day of _______________, 20___, by and between JEFFERSON COUNTY, ALABAMA (the "County") and S & S SALVAGE COMPANY, An Alabama Partnership (the "Owner").

R E C I T A L S:

Owner is the owner of real property located at 906 – 40th Street North, Birmingham AL 35222, more particularly described as Lot 1, T&R Development Company, Inc. Resurvey, recorded in Map Book 144, Page 37, in the Probate Office of Jefferson County, Alabama, Birmingham Division. Owner has three one story metal buildings inclusive of 2 concrete ramps and a metal awning over and adjacent to a
sanitary sewer main easement along with one utility pole on a concrete pad over an existing sanitary sewer main (as shown on Exhibit "A", attached collectively, the "Improvements"), for the purpose of serving the businesses located on said property. Owner and County mutually desire to enter into this Agreement to address the encroachment of the Improvements within the Easement.

AGREEMENT

NOW, THEREFORE, in consideration of the Recitals and the mutual agreements herein, the parties agree as follows:

1. In consideration of the mutual agreements herein, Owner agrees that the County may utilize the Easement for all intended purposes of the Easement, including, without limitation, any installation, repair, maintenance or replacement of sanitary sewer lines (collectively, the "Easement Rights"). Should the County deem it necessary to remove or disturb any of the Improvements in order to utilize the Easement for its intended purposes or exercise the Easement Rights on subject property, the County may do so at any time in its discretion, and the reasonable methodology for installation, repair maintenance or replacement of sewer lines is totally at the discretion of the County and its Department of Environmental Services. If Owners' Improvements are damaged in any way due to the exercise of our easement rights, the responsibility for the replacement of Owner's Improvements or personal property or for any repairs to personal property or the Improvements and the cost of any such repairs will be borne solely by the Owner, with exception to the concrete ramps. If it is discovered that said concrete ramps are not reinforced with structural rebar, the County will repair with normal concrete. If said ramps are found to be reinforced concrete containing structural rebar, the County will not repair and repair will be the responsibility of said Owner. Owner fully and forever releases and discharges the County from any and all liability, cost, damage, or expense to the Improvements suffered or incurred by Owner as a result of the County's exercise of its Easement Rights inside easement or improvements adjacent to easement.

2. Subject to the foregoing agreements of Owner and the terms of this Agreement, the County grants Owner a license to continue the requested encroachment and that no other or greater or further improvements or encroachment whatsoever will be allowed. No such past, present or future encroachment whatsoever will constitute an adverse possession by Owner of the Easement or Easement Rights or constitute any form of waiver or abandonment of all or any part of the Easement or of any Easement Rights.

3. This Agreement shall be governed by and construed in accordance with the laws of the State of Alabama.

4. This Agreement together with the Easement constitutes the full and complete agreement of the parties with respect to the subject matter hereof, supersedes all prior discussions, correspondence and agreements with respect to the subject matter hereof and cannot be modified or amended except by a subsequent written agreement signed by Owner and the County.

5. In the event this Agreement is challenged by legal means by said Owner as a result of the County exercising its Easement Rights as defined in Item number one above, it shall be the responsibility of the Owner to cover any and all fines assessed by U.S. Environmental Protection Agency and the Alabama Department of Environmental Management as well as the cost of the cleanup of any sewage resulting from said challenge/delay. The Owner is also responsible for the cost of any damage to others including but not limited to personal property and bodily injury as a result of said challenge/delay. Furthermore, Owner agrees to pay all court costs incurred by the County as a result of the aforementioned.

6. This Agreement shall run with the land and be binding upon and inure to the benefit of the parties and their respective heirs, administrators, personal representatives, successors and assigns.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the day and year first set forth above.

Any failure by the CONSULTANT to do so will not relieve him from responsibility for successfully performing the work without additional expense to the OWNER. The OWNER assumes no responsibility for any understanding or representation by any of its officials or agents prior to the execution of this AGREEMENT, unless such understandings or representation by the OWNER are expressly stated herein. The CONSULTANT and subcontractor to maintain all books, documents, papers, accounting records and other evidences pertaining to costs incurred for this project, and to make such material available at their respective offices at all times during the contract period and for three (3) years from the date of final payment of the OWNER funds under the terms of the contract, for inspection by the OWNER, or any authorized representative of the OWNER, and copies thereof shall be furnished if requested.

2. During the performance of this contract, the CONSULTANT or itself, its assignees and successors in interest, agree as follows:
   A. Non-Discrimination:
      The CONSULTANT, with regard to the work performed by it after award and prior to completion of the contract work, will not discriminate on the grounds of race, color or national origin in the selection and detention of subcontractors, including procurement of materials and lease of equipment. The CONSULTANT will not participate either directly or indirectly in the discrimination prohibited by or pursuant to Title VI of the Civil Rights Act of 1964 or the Equal Opportunity Provisions of Executive Order 11246 of September 24, 1965. The CONSULTANT will abide by all clauses and stipulations in, and as required by Jefferson County Commission Administrative Order 08-4 attached hereto as Exhibit A including the execution of the EEO certification.
   B. Solicitations of Subcontractor, Including Procurement or Materials and Equipment:
      In all solicitations, either by competitive bidding or negotiations made by CONSULTANT for work to be performed under a subcontract, including procurement of materials or equipment, each potential subcontractor or supplier shall be notified by the CONSULTANT of the CONSULTANT'S obligations under this contract and the regulations relative to nondiscrimination on the grounds of race, color or national origin.
   C. Sanctions of Noncompliance:
      In the event of the CONSULTANT'S noncompliance with any provisions of this contract, the OWNER shall impose such contract sanctions as it may determine to be appropriate, including, but not limited to:
      (1) Withholding of payments to the CONSULTANT under the contract until the CONSULTANT complies and/or
      (2) Cancellation, termination or suspension of the contract, in whole or in part.

SECTION 14 - GOVERNING LAW/DISPUTE RESOLUTION

A. The parties agree that this contract is made and entered into in Jefferson County, Alabama and that all services, material and equipment to be rendered pursuant to said Agreement are to be delivered in Jefferson County, Alabama. The interpretation and enforcement of this Agreement will be governed by laws of the State of Alabama. The parties agree that jurisdiction and venue over all disputes arising under this Agreement shall be the Circuit Court of Jefferson County Alabama, Birmingham Division.

By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

ARTICLE V

SECTION 1 - EXECUTORY CLAUSE

1. The CONSULTANT specifically agrees that this AGREEMENT shall be deemed executory only to the extent of monies available and no liability shall be incurred by the OWNER beyond the monies available for that purpose.

2. The CONSULTANT, in accordance with his status as an independent contractor, covenants and agrees that he will conduct himself in a manner consistent with such status, that he will neither hold himself out as, nor claim to be an officer or employee of Jefferson County, Alabama or of the OWNER by reason hereof, and that he will not, by reason hereof, make any claim, demand or application to or for any right or privilege applicable to any officer or employee of Jefferson County, Alabama or of the OWNER, including, but not limited to, Workmen's Compensation coverage or retirement membership or credit.

ARTICLE VI

IN WITNESS WHEREOF, the Parties have hereunto affixed their signatures, Company on the day of , 2013, and the OWNER on the day of , 2013.
BE IT RESOLVED BY THE JEFFERSON COUNTY COMMISSION that the President be, and hereby is, authorized to execute a Conditional Consent to Encroachment and Release of Damages Agreement between Jefferson County and Burr Investments, LLC regarding an encroachment within a County sanitary sewer easement. There is no cost to the County associated with said agreement.

CONDITIONAL CONSENT TO ENCROACHMENT AND RELEASE OF DAMAGES

THIS AGREEMENT made as of the day of , 20 , by and between JEFFERSON COUNTY, ALABAMA (the "County") and BURR INVESTMENTS, LLC (the "Owner").

RECITALS:

Owner is the owner of real property located at 3316 2nd Avenue North, Birmingham AL, 35222, more particularly described as Lot 1 B of Thompson's Subdivision, recorded in Map Book 169, Page 54, in the Probate Office of Jefferson County, Alabama, Birmingham Division. Owner has a heavy industrial structure, enclosed on 3 sides, with a roof and containing an overhead 3 ton crane rail over an existing sanitary sewer main located inside a sanitary sewer easement. Two of the structures support columns are located within 4 feet of the centerline of the sanitary sewer main (as shown on Exhibit "A", attached collectively, the "Improvements"), for the purpose of serving the Owner property. Owner and County mutually desire to enter into this Agreement to address the encroachment of the Improvements within the Easement.

AGREEMENT

NOW, THEREFORE, in consideration of the Recitals and the mutual agreements herein, the parties agree as follows:

1. In consideration of the mutual agreements herein, Owner agrees that the County may utilize the Easement for all intended purposes of the Easement, including, without limitation, any installation, repair, maintenance or replacement of sanitary sewer lines (collectively, the "Easement Rights"). Should the County deem it necessary to remove or disturb any of the Improvements in order to utilize the Easement for its intended purposes or exercise the Easement Rights on subject property, the County shall do so at any time. The reasonable methodology for installation, repair, maintenance or replacement of sewer lines is totally at the discretion of the County and its Department of Environmental Services. If Owners' Improvements are removed and/or damaged in any way whatsoever due to the exercise of our easement rights, the responsibility for the replacement/repair of Owner's Improvements or any personal property within the Improvements or for any cost associated with repairs to any personal property within the Improvements or to the Improvements will be borne solely by the Owner. Owner fully and forever releases and discharges the County from any and all liability, cost, or expense resulting from any damage to the Improvements or any personal property within the Improvements suffered or incurred by Owner as a result of the County's exercise of its Easement Rights inside the easement or improvements adjacent to the easement.

2. Subject to the foregoing agreements of Owner and the terms of this Agreement, the County grants Owner a license to continue the requested encroachment and that no other or greater or further improvements or encroachment whatsoever will be allowed. No such past, present or future encroachment whatsoever will constitute an adverse possession by Owner of the Easement or Easement Rights or constitute any form of waiver or abandonment of all or any part of the Easement or of any Easement Rights.

3. This Agreement shall be governed by and construed in accordance with the laws of the State of Alabama.

4. This Agreement together with the Easement constitutes the full and complete agreement of the parties with respect to the subject matter hereof, supersedes all prior discussions, correspondence and agreements with respect to the subject matter hereof and cannot be modified or amended except by a subsequent written agreement signed by Owner and the County.

5. The Owner agrees that in the event this Agreement is challenged by legal means by said Owner as a result of the County exercising its Easement Rights to install repair, maintain or replace said sewer lines per this Agreement (listed in detail in Item number one, above),
any delays to the County's ability to exercise said Easement Rights as a result of said challenge that results in any additional fines assessed by U.S. Environmental Protection Agency and the Alabama Department of Environmental Management as well as the cost of the cleanup of any sewage as a result of said challenge/delay will be the responsibility of the Owner. Also, the Owner is responsible for the cost of any damage to others including but not limited to personal property and bodily injury as a result of said challenge/delay. Furthermore, Owner agrees to pay all court cost incurred by the County as result of the aforementioned.

6. This Agreement shall run with the land and be binding upon and inure to the benefit of the parties and their respective heirs, administrators, personal representatives, successors and assigns.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the day and year first set forth above.

Mar-28-2013-216

BE IT RESOLVED BY THE JEFFERSON COUNTY COMMISSION that the President is authorized to execute the following intergovernmental agreement between Jefferson County, Alabama and St. Clair County Schools as a participant in the Jefferson County Regional Purchasing Cooperative.

INTERGOVERNMENTAL AGREEMENT ESTABLISHING
THE JEFFERSON COUNTY REGIONAL PURCHASING COOPERATIVE

This Agreement made this 25th day of February, 2013, between the County of Jefferson, Alabama, and such other public bodies located within Jefferson County and adjoining counties, of Alabama as choose to be governed by the provisions of the Jefferson County Regional Purchasing Cooperative as hereinafter set forth.

WITNESSETH:

In consideration of the premises and the mutual covenants and agreements stipulated herein, and pursuant to the authority granted by the State of Alabama Interlocal Cooperation Act of 1969 and under the General Provisions of the public contracts law of the State of Alabama (Code of Alabama § 41-1621.1 and 41-16-50), the parties hereto do hereby agree as follows:

SECTION I
The parties hereto do hereby create, as a voluntary association, the Jefferson County Regional Purchasing Cooperative, hereinafter referred to as "the Cooperative," for the purpose of coordinating cooperative joint purchases for the mutual economic advantage of its members. The Cooperative shall consist of a representative from each public entity participating in this Agreement. Said Cooperative shall be free to adopt such rules for organization and procedure as it may deem suitable for the conduct of its business.

SECTION 2
The representative of each participating jurisdiction will have membership on the Advisory Board of the Cooperative, with one vote being allocated to each participant. Each participating unit of government shall determine the manner of selecting its representative; however, it is recognized that personnel with responsibilities associated with the purchasing process are more ideally suited as representatives.

SECTION 3
The parties to this Agreement will identify by way of their membership on said Advisory Board those items and classes of items for which joint purchase may be advantageous for the period commencing with the execution of this Agreement and continuing until terminated, as hereinafter provided.

SECTION 4
The specifications for items to be purchased will be prepared by the Purchasing Department of the Jefferson County Commission (hereinafter referred to as "the County") for use by all members of the Cooperative. Where feasible, the County shall seek input from the other participants to insure that said specifications meet the broadest range of needs. Each participating government shall identify the items to be jointly purchased and indicate therein the quantities, or range of quantity desired, the location for delivery and other requirements, to permit the preparation and filing of plans and specifications as provided by law. In all cases where appropriate, the Cooperative shall seek to use standard specifications such as those used by the state of Alabama, the National Institute of Governmental Purchasing, the American Society of Testing and Materials, and other appropriate standards not cited herein.

SECTION 5
The County shall act as the lead jurisdiction for the Cooperative and will assume the responsibility for coordinating and advertising for bids on behalf of the other members of the Cooperative participating in a particular joint purchase. As such, the County shall be designated to receive and open the bids on behalf of the other participating governments at the time and in the manner provided by law.

SECTION 6
The County will receive responses to all bids. Not later than fifteen (15) days following the receipt of bids, the County will submit to all participating members a complete tabulation of all bids received and a recommendation as to the lowest responsible bidder. If the County certifies that the lowest bidder is not responsible and accordingly certifies that some other bidder has the lowest responsible bid, it will include an explanation and report on its findings along with the tabulation and recommendation.

SECTION 7
Contracts of purchase will be awarded to the lowest responsible bidder as recommended by the County in consultation with its fellow members, except as provided for herein. Each party to this Agreement shall prepare separate and individual contracts and requisitions when providing for procurement of items coordinated through and in accordance with any recommendation by the County.

SECTION 8
Each individual member may reserve the right to disregard the recommendation of the County as to the lowest responsible bid in favor of applying its existing residence privilege pursuant to the public contract law of the State of Alabama (Code of Alabama 541-16-50). In that event, each member jurisdiction may reserve the right to utilize specifications and bids prepared through the Cooperative and to award contracts of purchase, individually and on its own behalf; provided, however, that invitations for such individual bids are not advertised, nor are awarded within sixty (60) days of the period in which the County is soliciting and awarding bids for the same products and/or services, except in cases of emergency or extreme hardship pursuant to the public contract law of the State of Alabama (Code of Alabama §41-16-53).

SECTION 9
The County will not assume any financial or contractual obligation for any commodities, materials, and/or services for which the County coordinates the bidding on behalf of the Cooperative. Each participating government assumes sole and complete responsibility for its own
procurement, delivery, storage, and payment, and will not impose or accept any additional obligations on either the County or any other member of the Cooperative relating to those responsibilities, either by way of this Agreement or by stipulating to its provisions.

SECTION 10
