As a best practice, the SEC recommends that officials responsible for issuing public securities receive training about their disclosure responsibilities under the federal securities laws. The County expects to issue new debt as a part of its bankruptcy plan, which will involve the preparation of disclosure documents for purchasers of the new debt. The training session is intended to advise the Commissioners of the SEC’s current requirement for these documents.

BE IT RESOLVED BY THE JEFFERSON COUNTY COMMISSION that the President is authorized to execute the following intergovernmental agreement between Jefferson County, Alabama and Walker County Board of Education as a participant in the Jefferson County Regional Purchasing Cooperative. 

INTERGOVERNMENTAL AGREEMENT ESTABLISHING THE JEFFERSON COUNTY REGIONAL PURCHASING COOPERATIVE 

This Agreement made this ___ day of __, ____ , between the County of Jefferson, Alabama, and such other public bodies located within Jefferson County and adjoining counties, of Alabama as choose to be governed by the provisions of the Jefferson County Regional Purchasing Cooperative as hereinafter set forth. 

WITNESSETH: 

In consideration of the premises and the mutual covenants and agreements stipulated herein, and pursuant to the authority granted by the State of Alabama Interlocal Cooperation Act of 1969 and under the General Provisions of the public contracts law of the State of Alabama (Code of Alabama, § 41-1621.1 and 41-16-50), the parties hereto do hereby agree as follows: 

SECTION I 

The parties hereto do hereby create, as a voluntary association, the Jefferson County Regional Purchasing Cooperative, hereinafter referred to as "the Cooperative," for the purpose of coordinating cooperative joint purchases for the mutual economic advantage of its members. The Cooperative shall consist of a representative from each public entity participating in this Agreement. Said Cooperative shall be free to adopt such rules for organization and procedure as it may deem suitable for the conduct of its business. 

SECTION 2 

The representative of each participating jurisdiction will have membership on the Advisory Board of the Cooperative, with one vote being allocated to each participant. Each participating unit of government shall determine the manner of selecting its representative; however, it is recognized that personnel with responsibilities associated with the purchasing process are more ideally suited as representatives. 

SECTION 3 

The parties to this Agreement will identify by way of their membership on said Advisory Board those items and classes of items for which joint purchase may be advantageous for the period commencing with the execution of this Agreement and continuing until terminated, as hereinafter provided. 

SECTION 4 

The specifications for items to be purchased will be prepared by the Purchasing Department of the Jefferson County Commission (hereinafter referred to as "the County") for use by all members of the Cooperative. Where feasible, the County shall seek input from the other participants.
to insure that said specifications meet the broadest range of needs. Each participating government shall identify the items to be jointly purchased and indicate therein the quantities, or range of quantity desired, the location for delivery and other requirements, to permit the preparation and filing of plans and specifications as provided by law. In all cases where appropriate, the Cooperative shall seek to use standard specifications such as those used by the state of Alabama, the National Institute of Governmental Purchasing, the American Society of Testing and Materials, and other appropriate standards not cited herein.

SECTION 5
The County shall act as the lead jurisdiction for the Cooperative and will assume the responsibility for coordinating and advertising for bids on behalf of the other members of the Cooperative participating in a particular joint purchase. As such, the County shall be designated to receive and open the bids on behalf of the other participating governments at the time and in the manner provided by law.

SECTION 6
The County will receive responses to all bids. Not later than fifteen (15) days following the receipt of bids, the County will submit to all participating members a complete tabulation of all bids received and a recommendation as to the lowest responsible bidder.

SECTION 7
If the County determines that the lowest bidder is not responsible and accordingly certifies that some other bidder has the lowest responsible bid, it will include an explanation and report on its findings along with the tabulation and recommendation.

SECTION 8
The County will not assume any financial or contractual obligation for any commodities, materials, and/or services for which the County coordinates the bidding on behalf of the Cooperative. Each participating government assumes sole and complete responsibility for its own procurement, delivery, storage, and payment, and will not impose or accept any additional obligations on either the County or any other member of the Cooperative relating to those responsibilities, either by way of this Agreement or by stipulating to its provisions.

SECTION 9
Any dispute arising between any of the parties hereto and a successful bidder not relating to either the validity of the award or contract of purchase or contract of service, or the rejection of any bid or bids will be settled by and at the cost of that party involved in the dispute and without obligation or responsibility on the part of the County, the Cooperative, or the other member jurisdictions.

SECTION 10
In the interest of the success of the Cooperative, those parties stipulating to this Agreement will be required to remain as members of the Cooperative for a period of not less than one (1) year from the date of inception.

SECTION 11
Any jurisdiction that wishes to terminate its membership in the Cooperative may do so by indicating the same in writing to the Purchasing Manager for the Jefferson County Commission. Members will agree to exercise this option only at the end of each fiscal year of the Cooperative. Likewise, membership in the Cooperative will be terminated automatically upon legal dissolution any participating entity. However, under no circumstances will any exiting or dissolved jurisdiction be entitled to reimbursement of fees or other funds previously expended for the establishment, operation, or maintenance of the Cooperative.

SECTION 12
To facilitate the success of the Cooperative, the County agrees to install an assistant purchasing manager who will have primary responsibility for contract design and coordination with the other member governments. The total expense of this personnel will be divided among the participating governments. The participating members reserve the right to assess themselves, in proportion to their contribution, based on a fee and formula to be determined on an annual basis.

SECTION 13
There is hereby established an executive committee comprised of the chief executive or their designate of each participating entity. The executive committee shall promulgate rules, regulations, and/or bylaws in accordance with the laws of the State of Alabama, for the operation and maintenance of the Cooperative, including but not limited to the determination of the above mentioned assessment.

SECTION 14
The members of the Cooperative shall have the power, pursuant to laws of the State of Alabama (Code of Alabama §41-16-21.1 and 41-16-50), to jointly contract with consultants and other such resources as is deemed necessary to provide services authorized by law for the development and realization of the Cooperative's objectives.

SECTION 15

This Agreement will take effect upon execution by the signatories. Thereafter, additional public entities within Jefferson County and adjoining counties, of Alabama, may elect to join the Cooperative by executing this Agreement in the form prescribed by the existing members of the Cooperative, and such execution subsequent to the date herein written above will not be deemed to require re-execution of this Agreement by any party previously stipulating to its provisions.

IN WITNESS WHEREOF, the parties hereto, having obtained the full consent of their governing bodies, have caused this Agreement to be executed by their duly authorized officers on the day and year written above.

JEFFERSON COUNTY, ALABAMA

W. D. Carrington, President

Jefferson County Commission

Motion was made by Commissioner Stephens seconded by Commissioner Brown that the above resolution be adopted. Voting “Aye” Stephens, Brown, Bowman, Carrington and Knight.

BE IT RESOLVED BY THE JEFFERSON COUNTY COMMISSION that the President is authorized to execute a Use Agreement between Jefferson County, Alabama and the City of Hoover for use of data center floor space for storage of computer equipment, software and data to provide an environment that enables the development of a disaster recovery site.

USE AGREEMENT
BETWEEN JEFFERSON COUNTY AND THE CITY OF HOOVER
FOR THE USE OF DATA CENTER FLOOR SPACE

This Use Agreement, hereinafter referred to as “AGREEMENT” is made by and between two local government agencies: Jefferson County, Alabama, hereinafter referred to as "COUNTY", and the City of Hoover, Alabama, hereinafter, referred to as "HOOVER".

I. RECITALS
A. COUNTY intends to use data center space from a geographically diverse location in order to remotely store back-up computer equipment, software, and data at that site and, if needed, make it available for use after a natural disaster, terrorist act, or extended business interruption that might impact the COUNTY's primary data center site. The existence of a remote back-up site represents a key element of
the County's Business Continuity and Disaster Recovery strategy to restore critical computer systems needed by agencies to conduct government operations.

B. The back-up computer equipment, owned by COUNTY, would be installed by the COUNTY or its designee at HOOVER's data center, loaded with COUNTY's software/data and would be maintained by COUNTY in a constant state of readiness in which critical agency software and data can be more quickly restored during a disaster.

C. Pursuing an arrangement of this type with another government agency has benefits over commercially-leased space of this type including (1) the potential for more effective mutual-aid operations during a disaster and (2) the continued enhancement of goodwill that exists between COUNTY and HOOVER.

D. HOOVER has space available within their data center to accommodate COUNTY's back-up computer system equipment and has offered to provide the space to COUNTY under the terms and conditions in this AGREEMENT. HOOVER's data center has the additional benefit of geographic separation from COUNTY which mitigates the risk’ associated with a disaster that could impact large areas of the COUNTY.

E. This AGREEMENT establishes the terms and conditions in which COUNTY will use data center floor space provided by HOOVER.

II. DESCRIPTION AND CONDITION OF PREMISES AND FLOOR SPACE

A. COUNTY wishes to occupy approximately 200 square feet in HOOVER'S data center located at 2020 Valleydale Road, Hoover, Alabama, 35244, hereinafter referred to as "PREMISES". The location of the subject floor space within HOOVER'S Data Center is further described in "EXHIBIT A" attached hereto and, by reference, is made a part of this AGREEMENT.

B. COUNTY wishes certain modifications to the Data Center floor space be made prior to COUNTY'S occupancy, as detailed in "EXHIBIT B" which is attached hereto and, by reference, is made a part of this AGREEMENT. All improvements described herein shall become permanent fixtures of the PREMISES and, thus, HOOVER shall retain ownership, thereof, following the expiration or termination of this agreement.

C. Should HOOVER incur or encumber additional costs for improvements, upgrades, modification, equipment purchases, and other items as requested and required by COUNTY after the initial build-out and occupancy, COUNTY shall bear such costs whether they pay directly for such expenses or reimburse HOOVER for those costs, whichever method is agreed upon by both parties in advance of incurring the costs.

D. COUNTY may, in the future, wish to use additional Data Center floor space from HOOVER beyond the initial allotment of floor space. If HOOVER, in its sole discretion, determines that space is available and, if both parties mutually agree, then this AGREEMENT shall be modified to accommodate such use of such additional floor space.

E. COUNTY agrees that, upon termination of this AGREEMENT, the COUNTY shall, at its own expense, remove all COUNTY-owned equipment, furniture, and other non-fixture items from the PREMISES. COUNTY agrees that the floor space shall be left in as good or better condition as when first occupied, except for reasonable wear and tear.

III. AUTHORIZED USES OF PREMISES AND FLOOR SPACE

A. COUNTY's use of the PREMISES shall be limited to installation, operation, and maintenance of data and network services equipment for COUNTY. COUNTY agrees not to use the PREMISES for any other purpose nor to engage in or permit any other activity within or from the PREMISES.

B. COUNTY will have access to, and non-exclusive use of, the designated floor space within the HOOVER Data Center and to common areas on the PREMISES such as walkways, unreserved parking areas, lunchrooms, restrooms, break rooms, elevators, loading facilities, and lobby.

C. COUNTY recognizes that HOOVER's data center is a secure facility and access to the PREMISES is possible via security badge only. HOOVER will issue to COUNTY all necessary security badges and retains the right to approve/disapprove issuance of badges to individuals, to limit the number of security badges issued, and/or to revoke security badges previously issued.

D. The intended operation of the COUNTY's Disaster Recovery Program will require an unspecified number of telephone, data, and internet access lines. COUNTY shall be responsible for installation, maintenance, and costs associated with such items used in the operation of the COUNTY Disaster Recovery Program.

IV. PUBLIC PURPOSE; RENT-FREE USE

A. The Hoover City Council's legislative determination is that it is in the best interest of the public and the City of Hoover, Alabama, to authorize the COUNTY's use of the PREMISES for the term of this AGREEMENT. Such determination has been made because the use of the floor space by COUNTY confers a direct public benefit in furthering the health, safety, and welfare of the general public and the citizens of Hoover.

B. Having made a determination that this use serves a public purpose, the Hoover City Council is providing free use of the PREMISES because the designated floor space is not currently needed for municipal purposes and will not be needed for municipal purposes for the
foreseeable future.

V. TERM

A. The initial term of this AGREEMENT shall be one (1) year commencing on January 1, 2013, and ending on December 31, 2013. This AGREEMENT shall automatically renew for successive one-year terms unless either party shall give the other party written notice of termination at least ninety (90) days prior to the end of the term then in effect.

B. COUNTY and HOOVER shall each have the option to terminate this AGREEMENT at anytime during the term by giving the other at least ninety (90) days prior written notice.

VI. UTILITIES AND TELECOMMUNICATIONS; PAYMENT FOR FEES THEREOF

A. HOOVER shall be responsible for and shall pay each service provider, prior to the delinquency date, all charges for water, gas, electrical, and sewer services supplied to the PREMISES.

B. COUNTY shall be responsible for and shall pay for all initial and recurring charges related to telephone, data, and internet access services that COUNTY determines are needed for its use.

C. This AGREEMENT acknowledges HOOVER’S incremental cost increases for electrical power, air-conditioning, and facilities maintenance services associated with the installation of COUNTY equipment within the HOOVER data center. These incremental costs are to be reimbursed by COUNTY to HOOVER if and when such costs have been determined to be measureable, significant, and agreed upon by both parties. COUNTY agrees, herein, to be responsible for and promptly remit reimbursement payments to HOOVER for such incremental costs if and when they are due and payable.

VII. MAINTENANCE, MODIFICATIONS, AND REPAIRS

A. HOOVER will provide the same level of maintenance for the PREMISES as it provides for the rest of the building in which the PREMISES are located. Generally, HOOVER will keep all electric wiring, water and sewer pipes, and environmental systems in good working order. HOOVER will perform, or cause to be performed, all maintenance, repairs, and modifications to PREMISES as are required by applicable laws or ordinances.

B. COUNTY acknowledges that HOOVER may need to temporarily shut down its Data Center and its ancillary systems periodically for routine maintenance or unexpected repairs. HOOVER will provide COUNTY with reasonable written notification prior to such maintenance or repairs should a shut down become necessary unless an emergency circumstance prevents such notification.

C. COUNTY agrees that it will undertake no alterations to the PREMISES without first obtaining prior written approval by HOOVER.

D. COUNTY will not be authorized to install or operate any equipment or system that interferes with devices or systems already operated by HOOVER within the PREMISES. COUNTY agrees to immediately disable and/or remove such equipment and/or systems if such interference is detected.

E. HOOVER shall not be liable for any damages caused by or growing out of any breakage, leakage, or defective condition of said electric wiring, water and/or sewer pipes, environmental systems. In the event of damage to or destruction of HOOVER-constructed or installed improvements, equipment, or fixtures located within the PREMISES or in the event HOOVER-installed improvements, equipment, or fixtures located within the PREMISES are declared unsafe or unfit for use or occupancy by a public entity with the authority to make and enforce such declaration, HOOVER, within thirty (30) days of such determination, shall commence and diligently pursue to complete the repair, replacement, or reconstruction of improvements and/or repairs to restore the facilities and/or systems that existed immediately prior to the event causing the damage or destruction, as necessary to permit full use and occupancy of the PREMISES for the purposes required by the AGREEMENT. Repair, replacement, or reconstruction of improvements within the PREMISES shall be accomplished in a manner and according to plans developed and/or approved by HOOVER in its sole discretion.

VIII. MUTUAL INDEMNIFICATION

Each party shall, without limitation, indemnify, defend, protect, hold harmless, and release the other, their elected bodies, officers, agents, and employees, from and against any and all claims, losses, proceedings, damages, causes of action, liability, costs, or expense (including attorneys’ fees and witness costs) arising from, or in connection with, or caused by any negligent act, or omission, or willful misconduct of the other party including, but not limited to, damages or compensation payable under workers’ compensation acts, disability benefit acts, or other employee benefit acts.

IX. NOTICES

All written notices pursuant to this Lease shall be addressed as set forth below or as either party may hereafter designate by written notice and shall be deemed delivered upon personal delivery or seventy-two (72) hours after deposited with the United States Postal Service.
