   C. Failure on the part of the CONSULTANT to promptly make good any defects in the work that may be called to his attention by the COUNTY.

2. Before the Contract is terminated, the CONSULTANT will first be notified in writing by the COUNTY of the conditions which make termination of the Contract imminent. Fifteen (15) days after notice is given, if no effective effort has been made by the CONSULTANT to correct the conditions for which complaint is made, the COUNTY may declare the Contract terminated and will notify the CONSULTANT accordingly.

3. Upon receipt of notice from the COUNTY that the Contract has been terminated, the CONSULTANT shall immediately discontinue all operations, safely secure all items of the Work, and remove his equipment. The COUNTY may then proceed with completion of the Work in any lawful manner that it may elect, until it is finally completed. When thus finally completed, the total cost of the Work (including all previous payments made to the CONSULTANT) will be computed and if this total cost is greater than the Contract price, the difference shall be paid to the COUNTY by the CONSULTANT.

The COUNTY assumes no responsibility for any understanding or representation by any of its officials or agents prior to the execution by the COUNTY as expressly stated herein. The CONSULTANT and Subcontractors are to maintain all books, documents, papers, accounting records and other evidences pertaining to cost incurred for this project, and to make such material available at all times during the contract period and for three (3) years from the date of final payment of COUNTY Funds under the terms of this AGREEMENT, for review by the COUNTY, or any authorized representative of the COUNTY, and copies thereof shall be furnished if requested.
