Alabama law requires Jefferson County to pay specified annual compensation to the Birmingham and Bessemer Assistant District Attorneys. The law also requires the state to pay a portion of the compensation for some of the District Attorneys. Where the compensation responsibility is divided between the County and the State, the Assistant District Attorney's pension membership is also divided between the County pension and the State pension. Through this agreement, the parties establish an option for the District Attorneys and the Assistant District Attorneys to elect to have the County provided compensation, pension contribution and health insurance amounts for single or family overage paid directly to the Office of Prosecution Services (OPS) and merged with the State provided compensation and paid to the Assistant District Attorney on the OPS payroll so that the entire compensation may be considered for the State pension. WITNESSETH

Definition: As used herein the term "County provided compensation/benefits" shall mean: a. c. An amount equal to 75% of the amount paid by the State toward the cost of State health insurance for either single or family coverage elected by the ADA.
In accordance with past practice, the County shall include an amount for FICA upon the condition that the County will be reimbursed by the State.
